Caution regarding forward-looking statements

This Annual Report contains statements about expected future events and financial and operating results of Raymond Group, which may be classified as forward-looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that the assumptions, predictions and other forward-looking statements will not prove to be accurate. Do not place undue reliance on forward-looking statements as a number of factors could cause assumptions and actual future results or events to differ materially from those expressed in these forward-looking statements.

'The Raymond Group' or ('The Company') includes reference to the Raymond Limited, its Subsidiaries, Joint Ventures and Associates.

DAWN OF A NEW

ERA

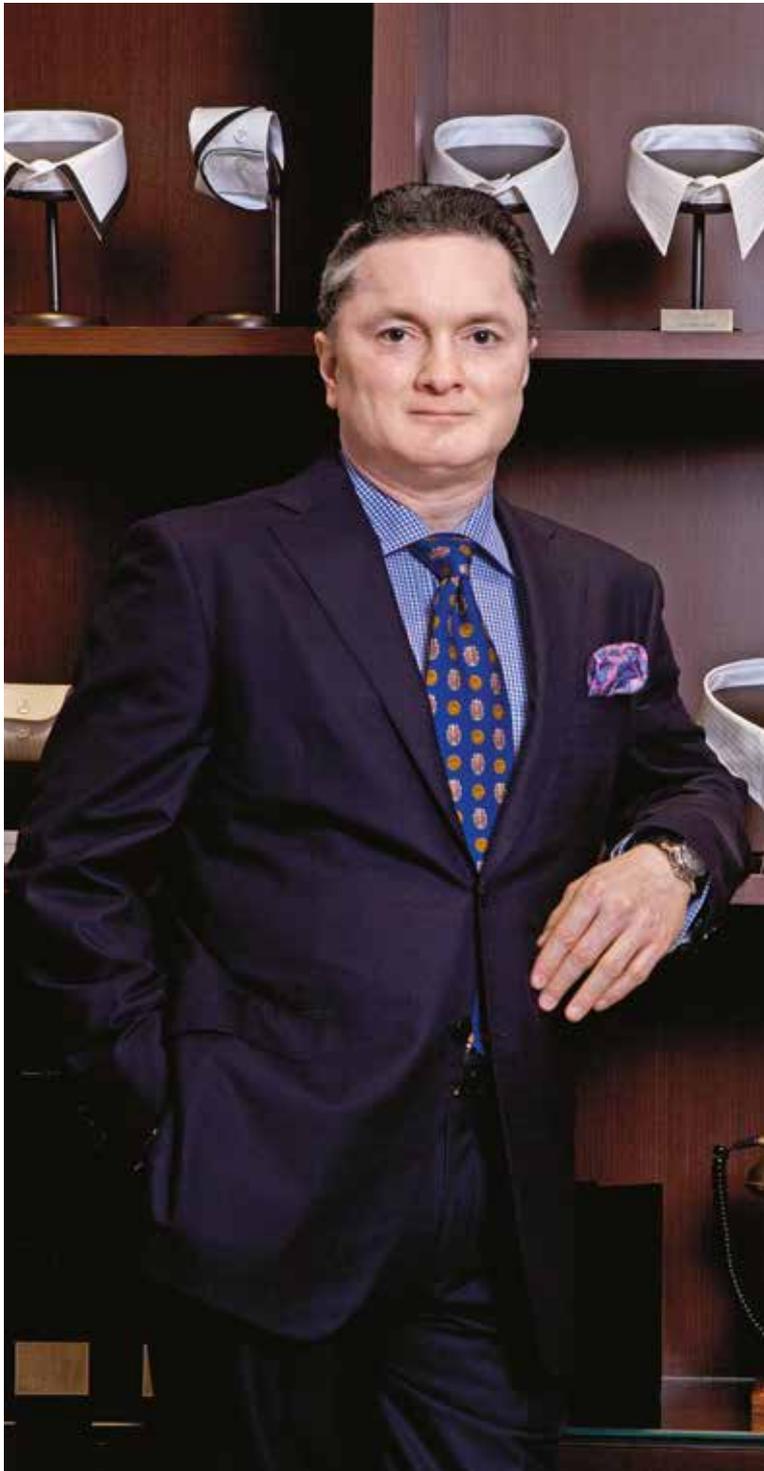

At Raymond, we witnessed an epoch in the Indian Textile Industry with an inspiring journey of 95 years. Today, we are driven by the purpose of creating a futuristic organisation with a reflection of the glorious legacy that marks the new beginning.

Our pursuit for excellence has propelled us to navigate many storms and we are at the cusp of reaching yet another milestone as we proudly stand at the dawn of a new era in our Raymond story.

Chairman and Managing Director's Message

Dawn of a New Era

In the current context, organisations have to be intensely future-oriented and we remain focused on our long-term strategy

Dear Shareholders,

Living with an old adage – ‘never waste a crisis’ is a reality now as the human race globally is struggling to come to terms with the new normal after the unprecedented devastation caused by the COVID-19 pandemic. The immediate impact of this pandemic and its aftermath, which is yet to be fully seen has derailed the entire economy and human life. It is posing serious existential questions that needs thorough introspection, logical re-calibration and prudent decisions to ensure long-term sustainability of organisations and its stakeholders. In the current context, organisations have to be intensely future-oriented and we remain focused on our long-term strategy.

Today, many organisations are frozen with fear, doubt, and lack of clarity; rebooting an organisation isn't easy as it requires a lot of self-belief and creating new ways of doing things that also brings in fear of change and the fear of new. It is our passion for excellence that has propelled us to navigate numerous storms in our 95 year old existence and today we have arrived at a new dawn in our Raymond story. This new beginning assumes even more significance as organisations reinvent themselves to reinstate their relevance to consumers in the new normal.

Value creation for new-age Raymond

We were on sail through the major part of FY2019-20 and delivered on our commitment of value creation for our shareholders when we announced the demerger of Lifestyle Business, our foray into Real Estate business as the new core and consolidating our FMCG business under Raymond Consumer Care.

Over the course of the year as planned, we took prudent measures to leverage value through asset monetisation of the 20-acre land sale deal to Virtuous Retail. Additionally, Raymond's foray into Realty segment to create an aspirational township of smart housing has also received a positive response with a considerable inventory being sold. We have been delivering consistently on our committed plan of enhancing shareholder value through the proposed demerger to be executed in the due course of time. This will enable us to unlock the potential of the Lifestyle Business through a new listed entity with existing business of Branded Textile, Branded Apparel & Garmenting. As we continue to build capacities for enhanced performance and delivery across verticals, demerging the core Lifestyle Business is an affirmative step that will also simplify the Group structure.

In our endeavour to battle the COVID-19 pandemic, Raymond has launched an exhaustive range of Personal Protective Equipment (PPE) offerings. We are using garmenting factory in Bengaluru to manufacture PPE products (including masks and suits) which are currently being supplied to government, hospitals and other institutions. Additionally, our FMCG business was quick to respond and launched a slew of personal hygiene products as well as skin friendly hand sanitizers and cleansers as a part of Raymond Care initiative.

The Phygital World

As Indian economy is gradually opening up, we have started re-opening our stores. I am happy

We are once again geared up to manoeuvre through the tough times with our renewed agility and our core strengths along with our deep rooted values of Quality, Trust and Excellence

to share with you that over 1,000 Raymond stores are now open for business. It is also heartening to see that our loyal customers are waiting for our shops to resume business. The current pandemic has rewritten the rules for business with consumer behaviour changing by the day led by the growing thrust on digital. At Raymond, we have accelerated our pace of digital adoption and will be moving our channel and trade partners extensively onto digital platforms for trade bookings and other related activities. Our new digital infrastructure will lend us the competitive advantage to have a unified view of our inventory and will enable us to service our consumers across the length and breadth of the country through omni-channel. As the fashion industry is going 'Phygital', Raymond is committed to create delightful consumer experiences both in the online and offline world.

Make in India 2.0

Post COVID-19, as the clamour for the global manufacturing supply chain to move away from China is getting louder by the day, this is an opportune moment for India. Unlike our global counterparts, India is well positioned to emerge stronger than ever if it seizes the opportunity to become the

preferred manufacturing destination. Our strong capabilities across the production lifecycle including easy access to raw materials, human capital and state-of-the-art manufacturing facilities makes the Indian economy more resilient than others. India is the second-largest producer and exporter of textiles after China and the fourth-largest producer and exporter of apparel after China, Bangladesh and Vietnam. There is ample headroom for growth and Indian manufacturing is in a bright spot, more so for the textile and apparel industry.

Being a proponent of self-reliance, Raymond has always followed the '*Atmanirbhar philosophy*' since its inception in 1925. We pride upon creating many firsts and are relentless in our pursuit to offer world-class quality products and crafting delightful retail experiences for our consumers.

We are once again geared up to manoeuvre through the tough times with our renewed agility and our core strengths along with our deep rooted values of Quality, Trust and Excellence. As I conclude my message for this Annual Report about Raymond as we know it, I look forward to the same support for Raymond Lifestyle Business – the new de-merged entity.

With the dawn of a new era, bright future beckons Raymond!

It is our passion for excellence that has propelled us to navigate numerous storms in our 95 year old existence and today we have arrived at a new dawn in our Raymond story

Demerger of Lifestyle Business

A New Raymond takes shape

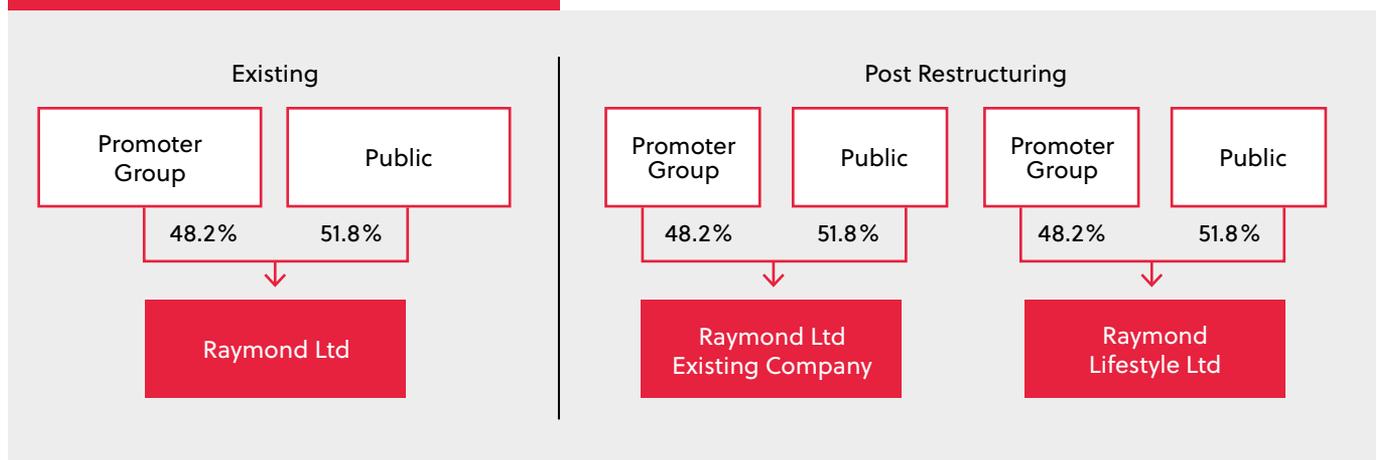

Demerger

Raymond Ltd announced demerger of its core Lifestyle business to be listed as a separate entity - Raymond Lifestyle Ltd. The move is a crucial part of the strategic transformation aimed at leveraging value through Company's strengths by optimising its resources and enhancing its brand equity. The resulting simpler group structure will further infuse efficiencies across the organisation. Overall it offers a strong and more focused choice to investors, thereby unlocking shareholder value.

Detailed transaction overview

- Demerger of its core Lifestyle business into a separate entity that will be listed through mirror shareholding structure
- Every shareholder of Raymond Ltd will be issued shares of the new company in the ratio of 1:1
- Create a clear demarcation of Lifestyle & other businesses leading to the simplification of the Group structure

Issuance of New Shares – Ratio 1:1

Post-Demerger: Business restructuring to deliver sustained value creation

The deleveraging and demerger will enable us to create a stronger, more efficient and a simplified organisation. The two separately listed companies will optimise their resources & strengths and will focus their energies on accelerated growth. Both the entities will have the advantage of brand Raymond that exemplifies Quality, Trust and Excellence through its 95 year journey. The existing company will have real estate development as its core business which has already received overwhelming response in the market. The new company will continue to be a market leader in textiles and branded apparel segment and will further pursue newer growth opportunities.

Group CFO's Overview

Building future growth pillars

This fiscal witnessed affirmative corporate actions for deleveraging balance sheet, un-locking potential and value creation for shareholders

Dear Shareholders,

With this Annual Report, a new chapter will be written in the history of Raymond Group as it documents biggest milestones in its glorious journey of 95 years. This fiscal witnessed affirmative corporate actions for deleveraging balance sheet, unlocking potential and value creation for shareholders as we announced to create Lifestyle Business into a separate listed entity through demerger along with the sale of a land parcel of an associate company in Thane. Our foray into Real Estate business coupled with the consolidation of FMCG business are the hallmarks of the year gone by.

However, FY19-20 also had a fair share of blips and witnessed one of worst economic adversities known to mankind before it ended with a complete lockdown of the economic activities both nationally and internationally. The year witnessed a subdued consumer demand and trade channels were impacted by passive consumer sentiments and an overall liquidity crunch. At retail level, domestic consumption remained sluggish due to muted rural sentiments and low urban demand. Festivals and wedding season witnessed momentary phases of optimism which eventually faded with the bitter reality of aggressive discounting by the industry to drive sales.

The fag end of FY19-20 brought a 'Black Swan event' which witnessed a nationwide lockdown imposed during last fortnight of March thereby severely affecting performance of all our businesses. With the lockdown in-line with government guidelines, all retail stores were shut along with manufacturing facilities and offices. The entire supply chain was impacted as dispatches to the wholesale channel, The Raymond Store (TRS) and Multi-Brand-Outlet (MBO) were stalled. The garment export dispatches were deferred due to retail shutdown in US & European markets. The high primary sales on account of a good wedding season from April to June 2020 was completely washed out due to lockdown.

In addition to COVID-19, the performance was also affected by a planned trade channel stock correction in Branded Apparel in terms of long-term steps to align primary sales to secondary channel sales. The need for action was identified during preceding quarters and we extended support to channel partners for liquidation of stock to clear the pipeline.

FY19-20 Performance overview (Pre IND AS 116)

Consolidated revenues marginally declined by 2% to ₹ 6,571 crores. EBITDA Margin was at 6.7% vs 10.5% in PY. Net Profit for the year was ₹ 202 crores, higher by 20% vs PY which included exceptional items such as profit from sale of land in associate company and others.

Our performance was impacted mainly in the fourth quarter due to the impact of COVID-19 that resulted in topline loss of ₹ 414 crores and ₹ 134 crores at EBITDA level. The impact of planned trade channel stock correction in Branded Apparel on topline has been ₹ 209 crores and EBITDA by ₹ 106 crores.

Excluding these impacts, the underlying performance would have been:

Revenues for FY2019-20 would have been higher by 7% at ₹ 7,194 crores and EBITDA margins at 9.5%.

- In the flagship Branded Textile segment, the underlying topline was stable compared to last year due to subdued retail consumption throughout the year. While volumes were impacted in wholesale channel, TRS channel witnessed growth driven by channel expansion and higher sale of combo packs. The underlying EBITDA margin expanded to 14.9% vs 13.8% in PY due to lower wool price, increased pricing in suiting business & better product mix and lower discretionary spends in the shirting business
- Branded Apparel segment was impacted due to stock correction in trade channels. However, there was a strong growth in retail channels of Exclusive Brand Outlets (EBO) and Large Format Stores (LFS) with increased penetration, we also continued with our stated strategy of asset-light expansion of stores through franchisee model. Ethnix, which was launched last year, was well accepted by our customers across segments. Underlying EBITDA margins were lower at 2.7% vs 3.7% in PY mainly due to higher discounting
- Garmenting segment delivered strong underlying topline growth of 12% with EBITDA margins at 4.3% vs 5.1% in PY. Topline growth was led by increased exports to US and Japan along with improved capacity utilisation in the Ethiopian facility. The B2B Made-to-Measure (MTM) services launched last year is gaining strong traction and has a significant potential to grow.

- The High Value Cotton Shirting segment witnessed underlying topline growth of 3% driven by higher domestic sale of fabric and yarn from Amravati. Underlying EBITDA margins were higher at 15.2% vs 13.7% in PY mainly due to improved product mix and operating efficiencies
- In Tools & Hardware segment, underlying topline declined by 2% due to overall slowdown in demand and liquidity crunch in national and international markets. EBITDA margin expanded to 11.0% vs 10.7% in PY on account of lower steel prices
- Auto Components segment was impacted due to slowdown in economy, increased vehicle prices, BSVI transition and liquidity concerns. Underlying revenue declined by 18% and EBITDA margins at 17.2% vs 22.6% in PY
- Phase 1 of the Real Estate business which was launched in February, 2019, witnessed strong traction. The Company sold 950 units till March, 2020 with a saleable area of 0.8 mn sq ft. for a booking value of ~₹ 960 cr in the 6 towers with total inventory of ~ 1,530 units.

Thriving in Post COVID-19 apocalypse New cash management model

As we all come to terms with the new reality of our co-existence with COVID-19, Raymond has adapted a fundamental change to its financial strategy in an endeavour to emerge resilient and an agile organisation. While we remain committed to focus on our core business, there is greater thrust on implementing stringent financial discipline. The growing market uncertainty has forced us to de-risk our business model and there has been a paradigm shift in terms of managing the Working Capital cycle. We have adapted a new cash management model that is 'Collect, Sell & Produce' in that order. Moving away from the sole purpose of pursuing profitability, Raymond is taking steps to manage liquidity that includes cost reduction, fund management and focus on collections.

As we all come to terms with the new reality of our co-existence with COVID-19, Raymond has adapted a fundamental change to its financial strategy in an endeavour to emerge resilient and an agile organisation

We concluded FY20 with uncertainties and challenges but we remain determined to create a new-age organisation that is a true reflection of its legacy displaying strong innate values of Quality, Trust and Excellence

Engaging Stakeholders

Raymond has formed a new COVID-19 combat group comprising of leadership team supported by business operational teams to safeguard the health and safety of our employees and customers across all our offices, manufacturing facilities and expansive store network. Amidst the changing context, we have reinitiated engagement with all stakeholders including our channel partners, vendors, franchisees, Large Format Store (LFS) partners, Multi-Brand Outlets (MBO) partners and store landlords. Measures are being taken to extend support to our channel partners to ensure seamless business continuity.

Enhancing Digital Capabilities

We are scaling up our digital capabilities to reach out to channel partners, customers and employees through digital platforms. Digital transformation has gathered steam and going forward, Raymond will have digital trade shows which eliminates any disruptions in trade channel bookings and ensures seamless supply chain processes. We are leveraging e-commerce & Omni-channel for effective inventory management that is well integrated not just at the back-end but also at the store level.

While we continue to create delightful consumer experiences in the brick and mortar space, the need for creating equally pleasing virtual experiences is inherent for success in today's world. In an endeavour to capture the growing shift towards digital platforms, Raymond would soon be launching efficient Omni-channel capabilities to grow its consumer base. The complete integration of our entire inventory along with CRM systems in combination with our expansive store network will enable us to serve our consumers faster. Boosting up our product

portfolio through functional value-based innovations that are backed by the credence of brand Raymond will lend us a winning streak in this current market scenario.

Challenging All Costs

In order to minimise the impact of COVID-19 and to ensure the profitable growth, we are challenging all costs and are restructuring the organisation to ensure efficiencies. In line with the prevailing market conditions and unprecedented challenges, the Company has undertaken the process of cost rationalisation & various cost control measures related to sales & marketing, manpower, rentals and others to minimise the impact on business. Also, we have deferred our capital expenditure such as store openings, renovations and technology upgrades in the near term.

Building Blocks

With constant evolution of business dynamics where speed is replacing the size, restructuring and re-sizing is pivotal to the growth of any organisation. We evaluated the need and time to do the same at the group level and enabled the emergence of three strong pillars of value creation for the new-age Raymond. These three growth drivers are Raymond Lifestyle – Consumer Branded Business, Raymond Limited – Real Estate & Engineering Business and Raymond Consumer Care – FMCG Business. With the clear rationale in terms of strategic, operational and financial benefits, the restructuring of the business will bring in better efficiencies, simplified structure coupled with specialisation for sustainable growth and profitability.

We concluded FY2019-20 with uncertainties and challenges but this conclusion also marks a new beginning. Built on a strong foundation, these three growth pillars will be a true reflection of Raymond's legacy displaying inherent values of Quality, Trust and Excellence marking the dawn of a new era.

The Company continues to retain and reinforce its market leadership in branded suiting and shirting fabrics with a pan India distribution network comprising of exclusive stores, wholesalers and dealers. Your Company aligned its business to encompass the

fashion megatrends and is creating platforms and eco-systems to strengthen its domestic and global positions.

There are no material changes or commitments affecting the financial position of the Company which have occurred between the end of the financial year and the date of this Report other than the impact of COVID-19 on the domestic and international business operations of the Company detailed in this Report as well as Notes to the Financial Statements of the Company.

3. Impact of Global Crisis: COVID-19

In March 2020, the World Health Organisation (WHO) declared COVID-19 a global pandemic. Consequent to this, Government of India declared nation-wide lockdown on March 24, 2020, which has impacted normal business operations of the Company. The Company has assessed the impact of this pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of these financial results, to determine the impact on the Company's revenue from operations for foreseeable future and the recoverability and carrying value of certain assets such as property, plant and equipment, investments, inventories, trade receivables and MAT credit. The impact of COVID-19 pandemic on the overall economic environment being

Directors' Report

uncertain may affect the underlying assumptions and estimates used to prepare Company's financial results, which may differ from that considered as at the date of approval of the financials results. As the situation is unprecedented, while the lockdown is gradually lifting, the Company is closely monitoring the situation as it evolves in the future. The Company has resumed its business activities by reopening majority of its retail stores and factories, in line with guideline issued by the Government authorities, initiating pre-monsoon preparedness activities at its real estate construction site, taking steps to strengthen liquidity position and initiating cost restructuring exercises. The Company does not anticipate any challenges in its ability to continue as going concern or meeting its financial obligations.

4. Dividend and Reserves

The Board at its meeting held on June 29, 2020 has approved payment of dividend at the stipulated rate on 18,54,599 0.01% Compulsorily Convertible Preference Shares for the Financial Year ended March 31, 2020.

In order to conserve the resources of the Company by taking into account the prevailing economic situation and the need of resources for growth, the Board of Directors of the Company have decided not to recommend any dividend on the Equity Shares of the Company for the Financial Year ended March 31, 2020.

Your Company continues with its task to build businesses with long-term goals based on its intrinsic strengths in terms of its powerful brands, quality manufacturing prowess, distribution strengths and customer relationships. To accelerate further value creation, your Company continues to evaluate new areas of growth. The initiatives aimed at rationalising and streamlining operations, to bring about efficiencies and reducing costs remain top priority.

The Dividend Distribution Policy of the Company is annexed to this Report as Annexure 'A' and is also available on the Company's website viz. www.raymond.in.

In the previous year, the Company had transferred a sum of ₹ 75 crore to Debenture Redemption Reserve ('DRR'). During the year under review, since the Company was not required to transfer any sums to DRR consequent to the amendment dated August 16, 2019 to the Companies (Share Capital and Debentures) Rules, 2014, the Company has transferred ₹ 75 crore from DRR to General Reserve.

7. Composite Scheme of Arrangement

During the year under review, your Company has filed an application on March 12, 2020 involving Composite Scheme of Arrangement between Raymond Limited, Raymond Lifestyle Limited (RLL), Raymond Apparel Limited (RAL) and Scissors Engineering Products Limited (SEPL) ('the Scheme') with Hon'ble National Company Law Tribunal, Mumbai Bench ('NCLT').

In order to simplify the overall group structure and create efficiencies, the Scheme proposes merger of RAL and SEPL with the Transferee Company i.e. Raymond Limited. Post the merger, the Scheme proposes a demerger of the Lifestyle business carried out by Raymond Limited and its subsidiaries into RLL.

The proposed restructuring would have the following benefits:

- a) Segregation of the Lifestyle business from the Non-Lifestyle business to position the Lifestyle business likened to peers;
- b) Independent existence of self-sustaining pure play businesses;
- c) Create enhanced value for the shareholders of Raymond Limited;
- d) Enable Raymond Limited and RLL to each have focused strategy and specialization for sustained growth and profitability as well as the ability to attract investors and have better access to capital;
- e) Clear strategic roadmap towards improved performance outlook and increased investor confidence;
- f) Enable specialization and operational efficiencies for the individual businesses for their sustained growth; and
- g) Simplification of overall group structure and creating efficiencies through amalgamation.

Directors' Report

Consideration for the Scheme:

Merger

Upon the Scheme becoming effective, the entire issued, subscribed and paid up share capital of RAL and SEPL held by Raymond Limited shall stand automatically cancelled and there will not be any issue and allotment of equity shares in Raymond Limited.

Demerger

RLL shall issue and allot on a proportionate basis to each shareholder of Raymond Limited whose names appear in the Register of Members as on the Record Date in the following ratio:

"1 fully paid up equity share of ₹ 10 each (Rupees Ten each) for every 1 equity share of ₹ 10 (Rupees Ten each) each held in Raymond Limited."

The aforesaid application made by the Company is scheduled to be heard on July 06, 2020 by the NCLT.

8. Performance of Subsidiary Companies

Domestic subsidiaries

Raymond Apparel Limited

This Company brings to its customers stylish and innovative wardrobe solutions through some of India's most prestigious brands – Park Avenue, Parx, Raymond Ready to Wear, Colorplus, Khadi, Ethnix & Next Look. The Gross Revenue of the Company for FY 2020 stood at ₹ 1604.79 crore (Previous Year: ₹ 1622.16 crore). The Company incurred Loss of ₹ 84.02 crore (Previous Year Profit: ₹ 22.00 crore).

The performance was impacted due to subdued consumer sentiments and COVID-19 impact in March, 2020. In addition, the performance was also affected by a planned trade channel stock correction as part of long term steps to align primary sales to secondary channel sales. The need for action was identified during preceding quarters and support to channel partners for liquidation of stock to clear the pipeline was initiated. However, there was a strong growth in EBOs and LFS with increased penetration and our stated strategy of Asset-light expansion of stores through franchisee model was also continued.

Management Discussion and Analysis Report

Economic and Industry Overview

Global Economy

Although slowdown in the manufacturing sector and trade tensions between the US and China were among the many factors that softened the economic outlook for 2019, the year did begin on a firm footing. The projected global economic growth, albeit downgraded, was 2.9%. Despite the economic and financial headwinds, growth in developing Asia was projected to remain a robust 5.5% during 2019 (Asian Development Outlook, Update, September 2019). However, in 2019-20, the Indian economy grew by 4.2% against 6.1% expansion in 2018-19 whereas China's growth was 6.1% in 2019 vs. 6.7% in 2018. Growth among advanced economies was forecast to drop to 2% during the year although growth in Sub-Saharan Africa was projected to accelerate to 3.1% (Source: World Economic Outlook, International Monetary Fund). However, due to the COVID-19 pandemic, the International Monetary Fund has projected a sharp contraction of the global economy to a status much worse than what resulted from the 2008-09 financial crisis.

Indian Economy

India continues to be one of the fastest growing emerging economies in the world. A slowdown in the manufacturing and construction sector has lately affected GDP growth – slightly below 5% in the current fiscal. An impending revival in demand, positive consumption pattern and rising disposable income, makes India the most sought after investment destinations. Already the fifth largest economy in the world, India is supposed to take its place among the world's top three economic powers in the next 10-15 years. The pandemic has undoubtedly affected India, but with the right economic stimulus and the gradual opening up of the lockdown the situation can be expected to improve. Inter-state movement of goods is gradually picking up and retail financial transactions are showing a healthy trend.

Global Textile and Apparel Industry

One of the largest providers of employment after agriculture, the global textile and apparel industry is dynamic and ever-evolving. It has undergone enormous changes over the years, witnessing multiple shifts in consumption and production patterns, as also significant changes in geographies and manufacturing, given its dependence on the availability of cheap labour.

Textile and apparel trade is predicted to grow at a CAGR of 6.4% during the period 2020-29. Apparel trade is likely to grow at a CAGR of 5.5% and textiles at a CAGR of 7% during the period. Rising disposable income, population, and rapid urbanisation in the emerging economies such as India, China, and Mexico are believed to be the key drivers of this market growth.

The US and EU countries are the major consumers of textiles and they dominate the apparel industry. But over the years, a major part of the industry has moved away from the developed world towards China, South and South-East Asia, because of the abundance of raw materials and cheap labour. But more interestingly, the emerging markets led by countries such as India, China, Russia and Brazil are becoming consumption markets. India and China, both of which have a strong textile manufacturing base, are emerging as both sourcing and consuming nations.

Presently, China holds the largest share in textile and apparel global trade, aided by its vertically integrated supply chain from production of fibre to the weaving of fabric and garmenting. The textile industry in China has the capability to manufacture all categories of products and provides an entire ecosystem that offers complete service to brands and retailers. But increasing labour and energy costs are eroding China's competitive advantage to some extent. It is seeing a slowdown in exports. The global apparel manufacturers are finding Bangladesh, Vietnam and India equally attractive destinations.

Indian Textile Industry

India's textiles industry goes back several centuries and is among the oldest industries in the country. It accounts for 14% of the industry output and is one of the largest contributors to the economy, accounting for ~2% of the GDP. After agriculture, it is the second largest generator of income, employing close to 40 million people, and contributing 10% to the country's manufacturing, owing to its labour-intensive nature. The industry is vertically integrated with almost all sub-sectors and is thus integral to the economy.

India is the second largest producer and exporter of textiles after China and fourth largest producer and exporter of apparel after China, Bangladesh and Vietnam. The textiles and apparel industry constitutes ~11% of the total exports of the country.

However, one factor affecting India's textile trade is currency fluctuation that remains a challenge for the industry. Exports have been a core feature of India's textile sector. Indian textiles and apparel exports were estimated at \$35.5 billion in 2019 and is expected to grow at a CAGR of 11% over the next decade to reach \$100 billion by 2029. Exports of both man-made textile and readymade garments have seen a major boost.

A major factor behind the robustness of India's textile industry is its strong production base with a wide range of fibres and yarns. India is among the top producers of jute and silk, and beyond its natural fibres such as cotton, jute, silk and wool; and synthetic, its manmade fibres such

as polyester, viscose, nylon and acrylic have also created a niche for themselves in the market.

Raymond Group is proud to be part of this illustrious history of textiles in India. A vertically and horizontally integrated manufacturer of textiles, Raymond produces 'The finest fabric in the world'. Its Branded Textile segment, which is its flagship business, has a commanding presence in the Indian market as a B2C branded player for suiting and shirting fabrics. This business vertical has been nurtured by strong channel partner relationships that go back more than 50 years, and has been a key enabler for its widespread reach throughout India.

Backed by the robust demand for its fabric across Tier 1 to Tier 6 towns, the business has been on a consistent roll with new products and services that cater to customer's changing needs, preferences and aspirational style. In FY 2019-20, the Branded Textile segment performance was impacted by subdued retail consumption however lower raw material costs and benefit of price hike undertaken positively impacted the profitability.

Indian Apparel Industry

The Indian apparel industry was estimated to be worth \$62 Billion in 2019 and is projected to reach ~\$129 Billion in 2029 growing at CAGR of ~7.6% over 2019-29 period.

The Indian apparel sector is one of the fastest growing in the world, backed as it is by a robust demand growth. The country's apparel market is driven mainly by menswear, which commands a 42% share of the total market. Women's wear holds a 37% share while kids' wear account for 21% of the apparel market.

The major challenges in the Indian apparel industry are increasing competition, sustained discounting that is expected to moderate margins and product obsolescence due to ever-evolving fashion trends.

Impact of Covid-19 Pandemic on Textile & Apparel Industry:

The Indian textile and apparel industry has been adversely impacted in the short to mid-term due to lockdown and lower consumer spends. The sector is reeling under liquidity and cost pressure as well due to the unprecedented damage caused by COVID-19.

Taking into account India's position as a preferred destination for sourcing textile and apparel products by leading brands worldwide, Indian garmenting sector is getting impacted with deferment and cancellation of orders.

Raymond is one of the leading branded players in the menswear apparel industry in India with a portfolio of four

power brands, namely Raymond Ready to Wear, Park Avenue, Color Plus and Parx. Through these brands, Raymond caters to the entire spectrum of men's wardrobe across various price points and occasions.

During the year, the Company continued to offer innovative products and service. There was continued momentum on enhancing Raymond's core proposition as a wardrobe solutions provider and the Company strengthened the apparel portfolio by further expanding the new customer segments with Ethnix which was launched last year and caters to high growth premium ethnic wear. The end of FY 2019-20 saw an unprecedented scenario unfold through the COVID-19 pandemic, which brought in its wake a nationwide lockdown imposed during last fortnight of March thereby affecting performance of all our businesses.

The Company has taken steps to ensure the health and safety of its employees and customers. Raymond has launched a comprehensive range of PPE product offerings and sanitisation products that is getting encouraging response from customers.

In the face of the business environment, it has also adopted a fundamental change in its financial strategy in an endeavour to emerge as a resilient and an agile organization. While Raymond remains committed to concentrating on its core business, there is greater thrust on implementing stringent financial discipline. Measures are being undertaken, including extending support to our channel partners, to ensure seamless business continuity. Digital capabilities are being scaled up to reach out to channel partners, customers and employees. In line with the prevailing market conditions and unprecedented challenges, the Company has undertaken the process of cost rationalisation and various cost control measures related to sales and marketing, manpower, rentals and others to minimise the impact on business.

Indian Retail Sector

Globally, India figures among the top 10 retail markets. Its retail industry growth is predominantly supported by expanding consumption patterns, rising income levels and improved lifestyle choices. With a dynamic demographic shift powered by young consumers, the demand is expected to remain positive. Moreover, the growing penetration of mobile and internet across the interiors of India has led to a significant rise in e-commerce shopping.

Raymond has one of the most deeply penetrated retail networks in India with 'The Raymond Shop' offering textile, apparel, accessories and custom tailoring services under one roof. The Raymond Shop has translated into a one-stop solution with the stores emerging as a fashion destination. The Company has a retail network of 1,638 stores, including

Management Discussion and Analysis Report

1,589 stores in about 600 towns and cities in India and 49 overseas stores in nine countries.

The Raymond Store of Future, a one-stop destination for customers seeking full wardrobe solutions, is designed keeping in mind the brand's aligned positioning and innovative visual merchandising.

Growth Enablers

Rapid urbanisation, a high disposable income of the Indian households and a favourable demographic coupled with an aspiration based purchasing pattern are key drivers for the industry and are likely to benefit the Company. With growing mobile and internet penetration, e-commerce shopping is expected to act as a key enabler in consistent sales volume growth for the industry.

The Group has a strong focus on digital platforms, strong social media connect with consumers and has an increasing presence in the e-commerce space through Raymondnext.com – a one-stop fashion solution for all brands under the Raymond umbrella and all leading e-commerce platforms.

While the Company is attuned to judicious capital allocation strategies and sustainable growth, Raymond continues to work towards achieving cost efficiencies and provide its customers the best experience.

We concluded FY 2019-20 with uncertainties and challenges, but this conclusion also marks a new beginning. Built on the strong foundation, the three growth pillars will be a true reflection of Raymond's legacy displaying the inherent values of Trust, Quality and Innovation and marking the 'dawn of a new era'.

DIVIDEND DISTRIBUTION POLICY

1. Preface

Securities and Exchange Board of India (SEBI), vide its Notification dated July 8, 2016 has promulgated SEBI (Listing Obligations and Disclosure Requirements) (Second Amendment) Regulations, 2016 by inserting Regulation 43A.

Regulation 43A has mandated top five hundred listed entities based on market capitalization to frame and adopt a Dividend Distribution Policy, which shall be disclosed in their respective Annual Reports and websites. Accordingly, this Dividend Distribution Policy is adopted by the Company.

2. Objective

The Board endeavours to maintain fairness, consistency and sustainability while distributing profits and to strike a balance between the quantum of dividend paid and amount of profits retained in the business.

The main objective of this Policy is to provide a mechanism for determining the amount of dividend pay-out by the Company after retention of sufficient funds for the future business needs.

3. Definition

- A. "Board" means Board of Directors of the Company.
- B. "Company" means Raymond Limited.
- C. "Dividend" includes interim dividend.
- D. "Member" means as defined under Section 2(55) of the Companies Act, 2013.
- E. "Policy" means the Raymond - Dividend Distribution Policy.
- F. "Regulations" mean the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time.

4. Interpretation

Words and expressions used and not defined in this Policy but defined in the Regulations, or the Companies Act, 2013 and Rules, Notifications and Circulars as amended from time to time thereunder shall have the same meanings respectively assigned to them therein.

5. Effective Date

This Policy shall be effective from March 1, 2017.

6. Key Parameters to be Considered for Declaring Dividend

A. Circumstances under which the shareholders may or may not expect dividend:

The Company has been consistently paying dividends to its shareholders and it can be reasonably expected to continue declaring dividends in future. The shareholders may expect dividend for any financial year if there is surplus after taking into account the adjustments for previous years' losses if any, depreciation and all other statutory adjustments as mandated by various legal statutes.

The Board may not recommend dividend in the event of insufficient profits after adjustments as required by statutory provisions and / or if it determines, considering the circumstances, that funds of the company need to be conserved for business needs.

B. Parameters:

The Company stands committed to deliver sustainable value to all its stakeholders and will strive to distribute an optional and appropriate level of the profits earned by it in its business in the form of dividend. Taking into consideration various factors, the Company will endeavour to maintain a dividend pay-out of up to 30 percent of profit after tax (PAT) on the standalone financials.

Some of the factors which would be considered whilst considering the quantum of dividend are

- Current year profits and business requirements for future needs like growth, capital expenditure, working capital etc;
- Past dividend declaration pattern;
- Operating cash flows and treasury needs/ requirements;
- Debt obligations;
- Government policies;
- General economic environment;
- Industry outlook;

Annexure A

- Contingencies which could have financial repercussions; and
- Restrictions/covenants if any, contained in any lender agreements or any other arrangement or agreement duly entered into by the Company.

The Board may recommend special dividend on occasions of significance. The Board also has the discretion to declare/recommend dividends out the profits of the Company for any previous year, subject to complying with legal requirements.

In case the Board proposes not to declare dividend, the rationale thereof shall be disclosed to the members in the Annual Report of the Company.

C. Parameters adopted with regard to various classes of shares:

The holders of the equity shares of the Company, as on the record date, are entitled to receive

dividend. Presently the Company has one class of equity shares hence all the members of the Company are entitled to receive the same amount of dividend per share.

The Policy shall be suitably modified at the time of issue of any new class of shares.

7. Disclosure

This Policy shall be disclosed on the website of the Company at www.raymond.in/index.asp and Annual Report of the Company.

8. Amendments

The Board may, at its discretion, amend the policy to take into account circumstances prevailing at that point of time and legal requirements. Such amendments shall be suitably disclosed.

In case of any inconsistency between the Policy and the law for time being in force, the law shall prevail over the Policy.

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2020

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Raymond Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Raymond Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2020 ("**Audit Period**") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2020 according to the provisions of:

- (i) The Companies Act, 2013 ('Act') and rules made thereunder; and
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

The Director is also explained in detail, the Compliance required from him under the Act, the Listing Regulations and other various statutes and an affirmation is obtained. The Chairman and Managing Director also have a one to one discussion with the newly appointed Director to familiarize him with the Company's operations. Further, on an ongoing basis as a part of Agenda of Board / Committee Meetings, presentations are regularly made to the Independent Directors on various matters inter-alia covering the Company's and its subsidiaries/ associates businesses and operations, industry and regulatory updates, strategy, finance, risk management framework, role, rights, responsibilities of the Independent Directors under various statutes and other relevant matters. Details of the programme for familiarisation of Independent Directors with the working of the Company are available on the website of the Company and can be accessed on www.raymond.in/cr/policies/cr/DetailsofFamiliarizationProgramimpartedtoIndependentDirectors/index.html.

Governance Codes

Code of Business Conduct & Ethics

The Company has adopted Code of Business Conduct & Ethics ("the Code") which is applicable to the Board of Directors and all Employees of the Company. The Board of Directors and the members of Senior Management Team of the Company are required to affirm semi-annual Compliance of this Code. A declaration signed by the Chairman and Managing Director of the Company to this effect is placed at the end of this report. The Code requires Directors and Employees to act honestly, fairly, ethically, and with integrity, conduct themselves in professional, courteous and respectful manner. The Code is displayed on the Company's website viz. www.raymond.in.

Conflict of Interests

Each Director informs the Company on an annual basis about the Board and the Committee positions he occupies in other companies including Chairmanships and notifies changes during the year, if any. The Members of the Board while discharging their duties, avoid conflict of interest in the decision making process. The Members of Board restrict themselves from any discussions and voting in transactions in which they have concern or interest.

Insider Trading Code

The Company has adopted an 'Internal Code of Conduct for Regulating, Monitoring and Reporting of Trades by Designated Persons ("the Code") in accordance with the SEBI (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time ("the PIT Regulations").

The Code is applicable to Promoters, Member of Promoter's Group, all Directors and such Designated Persons who are expected to have access to unpublished price sensitive information relating to the Company. The Company Secretary is the Compliance Officer for monitoring adherence to the said PIT Regulations.

The Company has put in place adequate and effective system of internal controls to ensure compliance with the requirements of the PIT Regulations. A structured digital database is being maintained by the Company, which contains the names and other particulars as prescribed of the persons covered under the Codes drawn up pursuant to the PIT Regulations.

The Company has formulated the 'Policy on Procedure of Inquiry in case of leak / suspected leak of Unpublished Price Sensitive Information' ('UPSI'). The policy is formulated to maintain ethical standards in dealing with sensitive information of the Company by persons who have access to UPSI. The rationale of the policy is to strengthen the internal control systems to ensure that the UPSI is not communicated to any person except in accordance with the Insider Trading

Regulations. The Policy also provides an investigation procedure in case of leak/suspected leak of UPSI.

The Company has also formulated a Policy for determination of 'legitimate purposes' as a part of the Code of Practices and Procedures for Fair Disclosure of UPSI as per the requirements of the Insider Trading Regulations. The Company Secretary has been appointed as the Compliance Officer for ensuring implementation of the codes for fair disclosure and conduct. The Board, designated persons and other connected persons have affirmed compliance with the Code. This Code is displayed on the Company's website viz. www.raymond.in.

In fulfilling the above role, the Audit Committee has powers to investigate any activity within its terms of reference, to seek information from employees and to obtain outside legal and professional advice.

Functions of Audit Committee

The Audit Committee, while reviewing the Annual Financial Statements also reviews the applicability of various Accounting Standards (AS) referred to in Section 133 of the Act. The compliance of the Accounting Standards as applicable to the Company has been ensured in the preparation of the Financial Statements for the year ended March 31, 2020.

The Audit Committee bridges the gap between the Internal Auditors and the Statutory Auditors. The Statutory Auditors are responsible for performing Independent Audit of the Company's Financial Statements and Company's internal financial control over financial reporting in accordance with the generally accepted auditing practices and issuing reports based on such audits, while the Internal Auditors are responsible for the internal risk controls.

Besides the above, Chairman and Managing Director, Chief Financial Officer, Business Heads of the Company's

Divisions, the representatives of the Statutory Auditors and the Internal Auditors are permanent invitees to the Audit Committee Meetings. The representatives of the Cost Auditor attend such Meetings of the Audit Committee where matters relating to the Cost Audit Report are discussed at length. The Company Secretary acts as a Secretary to the Committee as required by Regulation 18(1)(e) of the Listing Regulations.

The Company follows best practices in financial reporting. The Company has been reporting on quarterly basis, the Un-audited Consolidated Financial Statements as required by the Regulation 33 of the Listing Regulations. The Company's quarterly Un-audited Standalone and Consolidated Financial Statements are made available on the website www.raymond.in and are also sent to the Stock Exchanges where the Company's Equity Shares and Non-Convertible Debentures are listed for display at their respective websites.

The Audit Committee also oversees and reviews the functioning of a vigil mechanism (implemented in the Company as a Fraud Risk Management Policy and Whistle Blower Policy) and reviews the findings of investigation into cases of material nature and the actions taken in respect thereof.

Internal Controls and Governance Processes

The Company continuously invests in strengthening its internal control and processes. The Audit Committee along with CFO formulates a detailed plan for the Internal Auditors for the year, which is reviewed at the Audit Committee Meetings. The Internal Auditors attend the Meetings of the Audit Committee at regular basis and submit their recommendations to the Audit Committee and provide a road map for the future.

(B) Nomination and Remuneration Committee (NRC) Composition

The NRC comprises of Three Directors. Mr. I. D. Agarwal, Independent Director, is the Chairman of the NRC. The details of unclaimed/unpaid dividend are available on the website of the Company viz. www.raymond.in.

In terms of SEBI Circular No. SEBI/HO/MIRSD/DOP1/ CIR/P/2018/73 dated April 20, 2018, the bankers to the dividend accounts opened by the Company for the earlier years have credited back the amount of dividend lying unpaid beyond the validity period into the relevant bank accounts.

Share Transfer to Investor Education and Protection Fund Account (IEPF) where the dividend is unpaid or unclaimed for seven or more consecutive years.

In terms of Section 124(6) of the Act read with Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, (as amended from time to time) (IEPF Rules) shares on which dividend has not been paid or claimed by a shareholder for a period of seven consecutive years or more shall be credited to the Investor Education and Protection Fund (IEPF) within a period of thirty days of such shares becoming due to be so transferred. Upon transfer of such shares, all benefits (like bonus, dividend etc.), if any, accruing on such shares shall also be credited to such IEPF and the voting rights on such shares shall remain frozen till the rightful owner claims the shares.

Shares which are transferred to IEPF can be claimed back by the shareholders from Investors Education and Protection Fund Authority (IEPFA) by following the procedure prescribed under the aforesaid rules. The detailed procedure is also available on the website of the Company i.e. www.raymond.in.

The Company had sent letters to all the concerned Members and also published notice in newspaper three months before the due date asking them to claim their dividend amount to avoid transfer of the said unclaimed dividend and respective shares to IEPF.

Details of Unclaimed Dividend as on March 31, 2020 and due dates for transfer are as follows:

Corporate Governance Report

Shareholding Pattern as on March 31, 2020

Dematerialisation of Shares and Liquidity

97.94% of the equity shares of the Company have been dematerialized (NSDL 89.67% and CDSL 8.27%) as on March 31, 2020. The Company has entered into agreements with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) whereby shareholders have an option to dematerialise their shares with either of the Depositories.

Dematerialization of Shares - Process

Shareholders who continue to hold shares in physical form are requested to dematerialize their shares at the earliest and avail the benefits of dealing shares in demat form. For convenience of shareholders, the process of getting the shares dematerialized is given hereunder:

- Demat account should be opened with a Depository Participant (DP).
- Shareholders should submit the Dematerialization Request Form (DRF) along with share certificates in original, to their DP.
- DP will process the DRF and will generate a Dematerialization Request Number (DRN).
- DP will submit the DRF and original share certificates to the Registrar and Transfer Agents (RTA), i.e Link Intime India Private Limited.
- RTA will process the DRF and update the status to DP/ depositories.
- Upon confirmation of request, the shareholder will get credit of the equivalent number of shares in his demat account maintained with the DP.

Consolidation of Folios and Avoidance of Multiple Mailing

In order to enable the Company to reduce costs and duplicity of efforts for providing services to investors, members who have more than one folio in the same order of names, are requested to consolidate their holdings under one folio. Members may write to the RTA indicating the folio numbers to be consolidated along with the original shares certificates.

Reconciliation of Share Capital Audit Report

As stipulated by SEBI, a qualified Practicing Company Secretary carries out Share Capital Audit to reconcile the total admitted capital with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) and the total issued and listed capital. This audit is carried out every quarter and the report thereon is submitted to the Stock Exchanges where the Company's shares are listed. The audit confirms that the total Listed and Paid-up Capital is in agreement with the aggregate of the total number of shares in dematerialised form (held with NSDL and CDSL) and total number of shares in physical form.

Compliance with Secretarial Standards

The Institute of Company Secretaries of India, a Statutory Body, has issued Secretarial Standards on various aspects of corporate law and practices. The Company has complied with each one of them.

Independent Auditor's Report

To the Members of Raymond Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Raymond Limited (the 'Company'), which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flows Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at 31 March 2020, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the

Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to note 48D to the accompanying standalone financial statements, which describes the effects of uncertainties relating to Covid-19 pandemic outbreak on the Company's operations and management's evaluation of its impact on the accompanying standalone financial statements as at 31 March 2020, the impact of which is dependent on future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter

Impairment testing of investments in joint venture

Refer note 5 and 34 to the accompanying standalone financial statements

As at 31 March 2020, the carrying amount of investment in a joint venture company viz. Raymond UCO Denim Private Limited (the 'joint venture') is ₹ 13,110.79 lakhs (net of provision for diminution in the value of investment of ₹ 13,800 lakhs).

Management has considered that the losses suffered by the joint venture indicates a possible impairment in the carrying value of investment. Accordingly, the management has performed an impairment assessment and has estimated the recoverable amount of its investment in the joint venture using 'Discounted Cash Flow valuation model', which is complex and involves the use of significant management estimates and assumptions that are dependent on expected future market and economic conditions

As per such assessment done by the management, the carrying value of the investments was impaired by ₹ NIL in the current year, as disclosed in Note 34 to the financial statements.

How our audit addressed the key audit matter

Our procedures included, but were not limited to the following:

- Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around identification of indicators of impairment under Ind AS, and around valuation of the business of the joint venture to determine recoverable value of the said investment;
- Assessed the appropriateness of methodology and valuation model used by the management to estimate the recoverable value of investment in the joint venture;
- Assessed the professional competence, objectivity and capabilities of the valuation specialist engaged by the management;
- Assessed the reasonableness of assumptions relating to revenue growth rate, gross margins, discount rates etc. based on historical results, current developments and future plans of the business, including the possible impact of COVID -19 pandemic on such assumptions, estimated by management using expertise of valuation specialist on required parameters;

Key audit matter

Considering the materiality of the amounts involved, the significant management judgement required in estimating the quantum of diminution in the value of investment and such estimates and judgements being inherently subjective, this matter has been identified as a key audit matter for the current year audit.

Revenue recognition from real estate construction project

Refer note 25 to the accompanying standalone financial statements. Revenue recognised from real estate construction project ('construction project') during the year ended 31 March 2020 amounts to ₹ 17,615.74 lakhs.

In accordance with Ind AS 115 'Revenue from Contracts with Customers', the Company has assessed and concluded that its performance obligations arising from the construction project satisfy the criteria for recognition of revenue over time.

We focused on this area because significant management judgment was required in:

- determining whether the criteria for satisfaction of performance obligation and recognition of revenue over time in terms of Ind AS 115 was met;
- estimating total contract costs of the construction project, including contingencies that could arise from variations to the original contract terms, and claims; and
- estimating the proportion of contract work completed for the construction project which requires estimates in relation to forecast contract revenue and total costs.

The estimates of various contract related costs and revenue can potentially be impacted on account of various factors and differ from the actual outcomes. Changes in these judgements and the related estimates as contracts progress, can result in material adjustments to revenue and margins. Considering the materiality of the amounts involved, and the significant judgements applied in determining the appropriate accounting treatment as mentioned above, this matter required significant auditor attention and therefore, has been identified as a key audit matter for the current year audit.

How our audit addressed the key audit matter

- Assessed cash flow forecasts to ensure consistency with current operations of the Company and performed sensitivity analysis on key assumptions used in management's calculated recoverable value.
- Based on our procedures, we also considered the adequacy of disclosures in respect of investment in the said joint venture in Note 5 to the standalone financial statements.

Our audit procedures included, but were not limited to the following:

- Evaluated the appropriateness of the Company's accounting policy for revenue recognition from construction project;
- Obtained an understanding of the management's processes and evaluated the design and tested operating effectiveness of controls over the revenue recognition from construction project and estimation of total costs;
- Evaluated the appropriateness of the management's assessment that the performance obligations arising from the construction project satisfy the criteria for revenue recognition over time, in accordance with Ind AS 115;
- On a sample basis, reviewed the certified progress reports from the engineers, performed site visits, and obtained confirmations from project manager to assess the appropriateness of management's estimates of the proportion of work completed;
- Assessed the reasonableness of key inputs and assumptions used in the contract cost estimation;
- Reconciled revenue to the supporting documentation on a sample basis;
- Examined costs included within work-in-progress (WIP) balances on sample basis by verifying the supporting documents;
- Tested the mathematical accuracy of the underlying calculations;
- Evaluated the adequacy and appropriateness of the disclosures made in the financial statements by the management with respect to revenue from construction project.

Information other than the Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by Section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.

17. As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.

18. Further to our comments in Annexure A, as required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) the standalone financial statements dealt with by this report are in agreement with the books of account;
- d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
- e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act;

f) we have also audited the internal financial controls with reference to financial statements of the Company as on 31 March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 29 June 2020 as per Annexure B expressed unmodified opinion; and

g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

- i. the Company has disclosed the impact of pending litigations on its financial position as at 31 March 2020 in the standalone financial statements;
- ii. the Company has made provision as at 31 March 2020, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
- iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2020;
- iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these standalone financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of Raymond Limited, on the standalone financial statements for the year ended 31 March 2020

Annexure A

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) The Company has a regular program of physical verification of its property, plant and equipment under which property, plant and equipment are verified in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain property, plant and equipment were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties (which are included under the Note 2A - 'Property, plant and equipment') are held in the name of the Company.
- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management. No material discrepancies were noticed on the aforesaid verification.
- (iii) The Company has granted unsecured loans to companies covered in the register maintained under Section 189 of the Act; and with respect to the same:
 - (a) in our opinion the terms and conditions of grant of such loans are not, prima facie, prejudicial to the Company's interest;
 - (b) the schedule of repayment of principal and payment of interest has been stipulated and the repayment/receipts of the principal amount and the interest are regular;
 - (c) there is no overdue amount in respect of loans granted to such companies.
- (iv) In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of loans, investments, guarantees and security.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under subsection (1) of Section 148 of the Act in respect of Company's products and services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii)(a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, goods and services tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

Annexure A to the Independent Auditor's Report of even date to the members of Raymond Limited, on the standalone financial statements for the year ended 31 March 2020

- (b) The dues outstanding in respect of income-tax, sales-tax, service tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

There were no amounts outstanding due to disputes with service tax.

- (viii) The Company has not defaulted in repayment of loans or borrowings to any financial institution or a bank or any dues to debenture-holders during the year. The Company did not have any outstanding loans or borrowings from government during the year.
- (ix) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments). In our opinion, the term loans were applied for the purposes for which the loans were obtained.
- (x) No fraud by the Company or on the Company by its officers or employees has been noticed or reported during the period covered by our audit.
- (xi) Managerial remuneration has been paid and provided by the Company in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act read with Schedule V to the Act.

Annexure A to the Independent Auditor's Report of even date to the members of Raymond Limited, on the standalone financial statements for the year ended 31 March 2020

- (xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- (xiii) In our opinion all transactions with the related parties are in compliance with Sections 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the financial statements etc., as required by the applicable Ind AS.
- (xiv) During the year, the Company has made preferential allotment of equity shares and 0.01% compulsorily convertible preference shares. In respect of the same, in our opinion, the Company has complied with the requirement of Section 42 of the Act and the Rules framed thereunder. Further, in our opinion, the amounts so raised have been used for the purposes for which the funds were raised. During the year, the Company did not make preferential allotment/ private placement of fully / partly convertible debentures.
- (xv) In our opinion, the Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditor's Report of even date to the members of Raymond Limited, on the standalone financial statements for the year ended 31 March 2020

Annexure B

Independent Auditor's report on the internal financial controls with reference to the standalone financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

1. In conjunction with our audit of the standalone financial statements of Raymond Limited (the "Company") as at and for the year ended 31 March 2020, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibility of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

Note 1 Statement of Significant Accounting Policies and Practices

I. Background

Raymond Limited ('RL' or 'the Company') incorporated in India is a leading Indian Textile, Lifestyle and Branded Apparel Company. The Company has its wide network of operations in local as well foreign market. The Company sells its product through multiple channels including wholesale, franchisee, retail etc.

The Company has also recently commenced activities to develop part of its land for residential / commercial purposes.

II. Significant Accounting Policies followed by the Company

(a) Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that are measured at fair value;
- 2) assets held for sale - measured at lower of carrying amount or fair value less cost to sell;
- 3) defined benefit plans - plan assets measured at fair value;

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current based on the Company's normal operating cycle for each of its businesses, as per the criteria set out in the Schedule III to the Act.

(iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(b) Use of estimates and judgements

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment

The Company had applied for the one time transition exemption of considering the carrying cost on the transition date i.e. 1st April, 2015 as the deemed cost under IND AS, regarded thereafter as historical cost.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings, Specific non factory buildings, Plant and Equipment, Aircrafts, is provided as per the Straight Line Method and in case of other assets as per the Written Down Value Method, over the estimated useful lives of assets. Leasehold land is amortised over the period of lease. Leasehold improvements are amortised over the period of lease or estimated useful life, whichever is lower.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

The Company depreciates its property, plant and equipment (PPE) over the useful life in the manner prescribed in Schedule II to the Act. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and equipment's and aircraft wherein based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act.

Useful life considered for calculation of depreciation for various assets class are as follows-

Asset Class	Useful Life
Factory Building	30 years
Non- Factory Building	60 years
Plant and Equipment's	7 - 24 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Boat and water equipment's	13 years
Aircraft / Helicopter	11 - 20 years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

In case of pre-owned assets, the useful life is estimated on a case to case basis.

Depreciation on additions / deletions is calculated pro-rata from the month of such addition / deletion, as the case maybe

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on building is provided over it's useful life using the written down value method, in a manner similar to PPE.

Useful life considered for calculation of depreciation for assets class are as follows-

Non- Factory Building 60 years

(e) Intangible assets

Intangible assets acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Cost of a non-monetary asset acquired in exchange of another non-monetary asset is measured at fair value.

The Company amortizes computer software using the straight-line method over the period of 3 years. Transferable development rights (TDR), received as consideration against compulsory acquisition of land, are only tested for impairment till the time the TDR is consumed in the property constructed / developed, post which the carrying value of TDR will form part of the cost of such property.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(f) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Company as a lessee

At lease commencement date, the Company recognises a right-of-use assets and a lease liabilities on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liabilities, any initial direct costs incurred by the Company and any lease payments made in advance of the lease commencement date.

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use assets or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date of lease, the Company measures the lease liabilities at the present value of the lease payments to be made over the lease term, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance, fixed), and payments arising from options reasonably certain to be exercised. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest expenses. It is remeasured to reflect any reassessment or modification.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset or Statement of profit and loss, as the case may be.

The Company has elected to account for short-term leases and leases of low-value assets using the exemption given under Ind AS 116, Leases. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term or on another systematic basis if that basis is more representative of the pattern of the Company's benefit.

Company as a lessor

Leases for which the Company is a lessor classified as finance or operating lease.

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(g) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(h) Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods, Stock-in-trade and Property under development are stated 'at cost or net realisable value, whichever is lower'. Goods-in-Transit are stated 'at cost'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First-in-First-out',

'Weighted Average cost' or 'Specific identification', as applicable. Due allowance is estimated and made for defective and obsolete items, wherever necessary. Property under development comprises cost of land, rates & taxes, construction costs, overheads and expenses incidental to the project undertaken by the Company. Costs towards development of property are charged to statement of profit and loss proportionate to area sold and when corresponding revenue is recognised."

(i) Investments in subsidiaries, joint ventures and associates

Investments in subsidiaries, joint ventures and associates are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

(j) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (1) those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- (2) those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

- (1) **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

- (2) **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.

(iii) **Impairment of financial assets**

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) **Income recognition**

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

(k) **Impairment of non-financial assets**

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Assets other

than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(l) **Non-current assets held for sale**

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

(m) **Derivative financial instruments**

Derivative financial instruments such as forward contracts, option contracts and cross currency swaps, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(n) **Segment Reporting:**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(o) **Borrowings**

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognised in Statement of Profit and Loss as finance costs.

(p) **Borrowing costs**

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(q) **Provisions and contingent liabilities**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

(r) Revenue recognition

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services. The Company is also engaged in real estate property development.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted to discounts, incentives and returns, etc., if any.

The Company operates a loyalty programme for the customers and franchisees for the sale of goods. The customers accumulate points for purchases made which entitles them to discount on future purchases. A contract liability for the award points is recognized at the time of the sale. Revenue is recognized when the points are redeemed or on expiry. The expenditure of loyalty programme is netted-off to revenue.

The Company recognises provision for sales return, based on the historical results, measured on net basis of the margin of the sale. Therefore, a refund liability, included in other current liabilities, are recognized for the products expected to be returned.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the

customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue from sale of products and services are recognised at a time on which the performance obligation is satisfied except Revenue from real estate property development where in revenue is recognised over the time from the financial year in which the agreement to sell or allotment letter (containing salient terms of agreement to sell) is executed. The period over which revenue is recognised is based on entity's right to payment for performance completed. In determining whether an entity has right to payment, the entity shall consider whether it would have an enforceable right to demand or retain payment for performance completed to date if the contract were to be terminated before completion for reasons other than entity's failure to perform as per the terms of the contract.

The revenue recognition of Real estate property under development requires forecasts to be made of total budgeted costs with the outcomes of underlying construction contracts, which further require assessments and judgements to be made on changes in work scopes and other payments to the extent they are probable and they are capable of being reliably measured. However, where the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately in the Statement of Profit and Loss.

Revenue in excess of invoicing are classified as contract asset while invoicing in excess of revenues are classified as contract liabilities.

Other operating revenue - Export incentives

Export Incentives under various schemes are accounted in the year of export.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

(s) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the discount rates for Government Securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurement as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity and pension; and
- (b) defined contribution plans such as provident fund etc.

Pension and gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred. Further for certain employees, the monthly contribution for Provident Fund is made to a Trust administered by the Company. The interest payable by the Trust is notified by the Government. The Company has an obligation to make good the shortfall, if any.

Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(t) Foreign currency translation

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not translated thereafter.

(u) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(v) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(w) Government Grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to the statement of Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

(x) Manufacturing and Operating Expenses and Costs towards development of property

The Company discloses separately manufacturing and operating expenses and costs towards development of property which are directly linked to respective activities.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

(y) Exceptional items

When items of income and expense within statement of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

(z) Standards issued but not effective

There are no standards that are issued but not yet effective on 31st March, 2020.

III. Critical estimates and judgements -

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results. Management also need to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally

assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

- (i) Carrying value of exposure in Raymond Uco Denim Private Limited - refer note 5
- (ii) Revenue from real estate project under development – refer note no 1 (ii) (r)
- (iii) Estimated useful life of PPE, investment property and intangible assets - refer note 2A, 3 and 4

Notes:

- (i) During the earlier years, the Company invested an amount of ₹ 6168 lakhs in the financial year ending on 31st March, 2016 and ₹ 2000 lakhs in the financial year ending on 31st March, 2015 by subscription to the rights issue of equity shares of Raymond Luxury Cottons Limited (RLCL) a Subsidiary of the Company, enhancing the Company's shareholding from 62% to 75.69% in the financial year 2015-16 and from 55% to 62% in the financial year 2014-15.

In the year 2012-13, Cottonificio Honegger S.p.A ('CH'), Italy, the erstwhile JV partner with Raymond Limited through one of its joint venture Company in India, Raymond Luxury Cottons Limited (RLCL) (formerly known as Raymond Zambaiti Limited), had submitted request for voluntary winding up including composition of its creditors in the Court of Bergamo, Italy. Consequent to this, RLCL as at 31st March, 2013, had provided for its entire accounts receivable from CH of USD 1,255,058 and Euro 612,831, equivalent Indian Rupee aggregating ₹ 1,122.24 lakhs. In the year 2013 - 14, RLCL had put up its claim of receivable from CH of ₹ 1,122.24 lakhs before the Judicial Commissioner of the Composition (the Commissioner) appointed by the Court of Bergamo, Italy. In protraction of matter with Cottonificio Honegger S.p.A ('CH'), Italy, the Judicial Commissioner of the Composition ("the Commissioner") appointed by the Court of Bergamo, Italy, has declared RLCL as unsecured creditor for the amount outstanding from 'CH'. Further 'CH' had also sought permission from the Court of Bergamo, Italy, for initiating proceeding against RLCL in India.

RLCL had received a notice dated 23rd November, 2015 notifying that CH has filed a Petition against them before the Hon'ble Company Law Board ("CLB"), Mumbai Bench under Section 397 and 398 of Companies Act, 1956. RLCL responded to the petition filed by CH. The CLB in its order dated 26th November, 2015 has recorded the statement made by the counsel for RLCL that CH's shareholding in RLCL shall not be reduced further and the fixed assets of RLCL also shall not be alienated till further order. Subsequently, the proceedings were transferred to the National Company Law Tribunal ("NCLT"), Mumbai bench and currently, the matter is pending before the said forum. RLCL has filed a Miscellaneous Application on 29th January, 2019 seeking part vacation of the interim order dated 26th November, 2015. The NCLT, Mumbai Bench has allowed the application filed by RLCL and had directed that the main company petition along with the application for vacating the stay be listed for hearing. The NCLT had directed for the matter to be heard on 22nd April, 2020. However, due to the restricted functioning of the NCLT on account of the on going COVID-19 pandemic, the matter was not taken up on the said date and at present, no next date of hearing stand assigned by the NCLT.

- (ii) The management has considered that the losses suffered by Raymond UCO Denim Private Limited, a joint venture company, indicate an impairment in the carrying value of the investment. Accordingly, the management with the help of a valuation specialist, has carried out an impairment assessment and had estimated a provision of ₹ 13,800 lakhs as a diminution in the carrying value of its investment.

Significant Estimates : The carrying value of exposure in Raymond Uco Denim Private Limited is determined by an Independent valuer. The Company uses judgement to select from variety of methods and make assumptions which are mainly based on market conditions existing at the end of each reporting period.

- (iii) During the current year ended 31st March 2020, pursuant to approval from National Company Law Tribunal (NCLT), to the JV company, Raymond UCO Denim Private Limited (RUDPL) towards reduction of its preference share capital, the investment of the Company in preference share capital of RUDPL having a carrying value of ₹ 8,700 lakhs was settled at an aggregate consideration of ₹ 10 Lakhs. Accordingly, the balance amount of ₹ 8,690 lakhs representing reduction in preference share capital have been treated as deemed equity investments in RUDPL. Further, the Company has also recognized deferred tax assets (DTA) amounting to ₹ 4,795.57 lakhs towards tax losses on account of the aforesaid reduction during the year ended 31st March 2020, refer note 35.

- (iv) During the year, management has made a provision of ₹ 146.96 lakhs towards diminution in the carrying value of its investment as the erosion of its net worth and on its liquidation.

- (v) During the FY 2019-2020, the Mumbai Bench of National Company Law Tribunal ("NCLT") has vide its order dated 07th February, 2020 approved the Composite Scheme of Amalgamation and Arrangement between J. K. Helene Curtis Limited (JKHC), J. K. Note 40 Transitional Provision- Ind AS 116 Leases

The following is the summary of practical expedients elected on initial application as at 1st April, 2019 :

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date;
- Company has elected not to apply Ind AS 116 to leases previously accounted for as an operating leases, with a remaining lease term of less than 12 months and not recognise right-of-use assets but to account for the lease expense on a straight-line basis over the remaining lease term;
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application;
- Applied the practical expedient by not reassessing whether a contract is, or contains, a lease at the date of initial application. Instead applied the standards only to contracts that were previously identified as leases under Ind AS 17;
- Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

The maturity analysis of lease liabilities are disclosed in note 45 (iii)

The weighted average incremental borrowing rate applied to lease liabilities as at 1st April 2019 is 8.5%

The difference between the lease commitments recorded, as of 31st March 2019, under Ind AS 17 and the value of the lease liabilities as of 1st April, 2019, is on account of use of practical hindsight in determining the lease term, where the contract contained options to extend or terminate the lease in measuring the lease liability in accordance with Ind AS 116 and discounting the lease liabilities to the present value under Ind AS 116.

The Company has recognise ₹ 1,576.97 Lakhs as rent expenses during the year which pertains to short-term leases / low value assets (Refer note 33 C)

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The Company's lease asset primarily consist of leases for land (reclassified) and for buildings (premises) for retail stores and warehouses having various lease terms. The Company has adopted Ind AS 116, 'Leases', effective 1st April 2019, using modified retrospective approach, as a result of which comparative information are not required to be restated. The Company has discounted lease payments using the incremental borrowing rate as at 1 April 2019 for measuring lease liabilities at ₹ 14,918.65 lakhs and accordingly recognised right-of-use assets at ₹ 13,475.00 lakhs (after adjusting prepaid lease rent) by adjusting retained earnings by ₹ 1,303.17 lakhs (net of tax), as at the aforesaid date. In the Statement of Profit and Loss for the current period, the nature of expenses in respect of operating leases are recognised as amortisation of right-of-use of assets and finance cost, as compared to lease rent in previous periods, and to this extent results for the current period are not comparable.

Note 41 Post Retirement Benefit Plans

Defined Benefits Plan

(i) Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised funds in India.

(ii) Pension Benefits

The Company operates defined benefit pension plans which provide benefits to some of its employees in the form of a guaranteed level of pension payable for certain years after retirement. The level of benefits provided depends on members' length of service and their salary in the final years leading up to retirement.

(iii) Provident Fund

In case of certain employees, the Provident Fund contribution is made to a trust administered by the Company. In terms of the guidance note issued by the institute of Actuaries of India, the actuary has provided a valuation of Provident Fund liability based on the assumptions listed above and determined that there is no shortfall as at 31st March, 2020.

F Sensitivity

The sensitivity of the defined benefit obligation to changes in the weighted key assumptions are:

(₹ in Lakhs)

Gratuity	As at 31st March, 2020			As at 31st March, 2019		
	Change in assumption	Increase in assumption	Decrease in assumption	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	100 bps	(1,017.83)	1,184.91	100 bps	(971.40)	1,130.02
Salary Escalation Rate	50 bps	558.38	(525.40)	50 bps	527.19	(496.46)

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the method (Projected Unit Credit Method) used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

G The defined benefit obligations shall mature after year end 31st March, 2020 as follows:

Thereafter	74.45	83.66

takes into account the inflation, seniority, promotions and other relevant factors.

Risk Exposure - Asset Volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk derivatives to minimize risk to an acceptable level. A portion of the funds are invested in equity securities and in alternative investments % which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit.

(v) Leave Obligations

The leave obligations cover the Company's liability for sick and earned leave.

The amount of the provision of ₹ 3,236.82 lakhs (31st March 2019 – ₹ 3,085.01 lakhs) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

(vi) Defined Contribution Plans

The Company also has certain defined contribution plans such as provident fund and super annuation plan for benefits of employees. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is ₹ 1,432.78 lakhs (31st March 2019 - ₹ 1,259.86 lakhs).

Note 44 Fair Value measurement Operating Segments: Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Note 45 Financial Risk Management

Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company, interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Market Risk- Price Risk

(a) Exposure

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet either at fair value through OCI or at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

(b) Sensitivity

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Notes to the Standalone Financial Statements

for the year ended 31st March, 2020

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

Note 46 Capital risk management

(a) Risk Management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. Management considers the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

Note 48 D In March 2020, the World Health Organisation declared COVID-19 a global pandemic. Consequent to this, Government of India declared a nation-wide lockdown from 24th March 2020, which has impacted normal business operations of the Company. The Company has assessed the impact of this pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of these financial statements, to determine the impact on the Company's revenue from operations for foreseeable future and the recoverability and carrying value of certain assets such as property, plant and equipment, investments, inventories, trade receivables and MAT credit. The impact of Covid-19 pandemic on the overall economic environment being uncertain may affect the underlying assumptions and estimates used to prepare Company's financial statements, which may differ from that considered as at the date of approval of these financials statements. The Company has resumed its business activities by reopening majority of its retail stores, in line with the guidelines issued by the Government authorities, initiated activities for pre-monsoon preparedness at its real estate construction site, taken steps to strengthen its liquidity position and initiated cost restructuring exercise. However the Company does not anticipate any challenges in its ability to continue as going concern or meeting its financial obligations. As the situation is unprecedented, while the lockdown is gradually lifting, the Company is yet closely monitoring the situation as it evolves in the future.

Independent Auditor's Report

To the Members of Raymond Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Raymond Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), its associates and joint ventures, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and a joint venture, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the consolidated state of affairs of the Group, its associates and joint ventures, as at 31 March 2020, and their consolidated profit (including other comprehensive loss), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued
6. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit matter

Revenue recognition from real estate construction projects

Refer note 20 to the accompanying consolidated financial statements.

Revenue recognised from real estate construction project ('construction project') during the year ended 31 March 2020 amounts to ₹ 17,615.74 lakhs.

In accordance with Ind AS 115 'Revenue from Contracts with Customers', the Holding Company has assessed and concluded that its performance obligations arising from the construction project satisfy the criteria for recognition of revenue over time.

by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 16 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to note 47 to the accompanying consolidated financial statements, which describes the effects of uncertainties relating to COVID - 19 pandemic outbreak on the Group's operations and management's evaluation of its impact on the accompanying consolidated financial statements as at 31 March 2020, the impact of which is dependent on future developments.

The above matter has also been reported as an emphasis of matter in the audit reports issued by us as well as other independent firms of Chartered Accountants on the financial statements of eleven subsidiaries, four associates and a joint venture for the year ended 31 March 2020.

Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and a joint venture, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

How our audit addressed the key audit matter

Our audit procedures included, but were not limited to the following:

- Evaluated the appropriateness of the Group accounting policy for revenue recognition from construction project;
- Obtained an understanding of the management's processes and evaluated the design and tested operating effectiveness of controls over the revenue recognition from construction project and estimation of total costs;

Key audit matter

We focused on this area because significant management judgment was required in:

- determining whether the criteria for satisfaction of performance obligation and recognition of revenue over time in terms of Ind AS 115 was met;
- estimating total contract costs of the construction project, including contingencies that could arise from variations to the original contract terms, and claims; and
- estimating the proportion of contract work completed for the construction project which requires estimates in relation to forecast contract revenue and total costs.

The estimates of various contract related costs and revenue can potentially be impacted on account of various factors and differ from the actual outcomes. Changes in these judgements and the related estimates as contracts progress, can result in material adjustments to revenue and margins. Considering the materiality of the amounts involved, and the significant judgements applied in determining the appropriate accounting treatment as mentioned above, this matter required significant auditor attention and therefore, has been identified as a key audit matter for the current year audit

How our audit addressed the key audit matter

- Evaluated the appropriateness of the management's assessment that the performance obligations arising from the construction project satisfy the criteria for revenue recognition over time, in accordance with Ind AS 115;
- On a sample basis, reviewed the certified progress reports from the engineers, performed site visits, and obtained confirmations from project manager to assess the appropriateness of management's estimates of the proportion of work completed;
- Assessed the reasonableness of key inputs and assumptions used in the contract cost estimation;
- Reconciled revenue to the supporting documentation on a sample basis;
- Examined costs included within work-in-progress (WIP) balances on sample basis by verifying the supporting documents; and
- Tested the mathematical accuracy of the underlying calculations;

Evaluated the adequacy and appropriateness of the disclosures made in the consolidated financial statements by the management with respect to revenue from construction project.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

- The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

- The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements

that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (consolidated financial performance including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act, the respective Board of Directors / management of the companies included in the Group and its associates and a joint venture, covered under the Act, are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Independent Auditor's Report

9. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures, are responsible for assessing the ability of the respective companies in the Group and of its associates and joint ventures, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate the company or to cease operations, or has no realistic alternative but to do so.
10. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures, are responsible for overseeing the financial reporting process of the companies included in the Group and of its associates and joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
12. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group, and its associates and joint ventures, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of consolidated financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in

our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

16. We did not audit the financial statements / consolidated financial statements of seventeen subsidiaries, whose financial statements / consolidated financial statements (before eliminating inter company balances / transactions) reflect total assets of ₹ 377,816.68 lakhs and net assets of ₹ 95,205.10 lakhs as at 31 March 2020, total revenues of ₹ 378,921.76 lakhs and net cash outflows amounting to ₹ 3,974.97 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive loss) of ₹ 10,419.84 lakhs (before eliminating inter company transactions) for the year ended 31 March 2020, as considered in the consolidated financial statements, in respect of six associates and a joint venture, whose financial statements / consolidated financial statements have not been audited by us. These financial statements / consolidated financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associates and a joint venture, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, associates and a joint venture, are based solely on the reports of the other auditors.

Further, of these subsidiaries, associates and a joint venture, one subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in United Arab Emirates and which has been audited by other auditor under generally accepted auditing standards applicable in United Arab Emirates. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in United Arab Emirates to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the balances and affairs of such subsidiary located outside India, is based on the report of other auditor and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Further, the component auditor of four subsidiaries have reported the impracticability in attending physical inventory counts done by management owing to the restrictions imposed by the government and that they have obtained comfort over the existence and condition of inventory at the year end by performing alternate audit procedures.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

17. We did not audit the financial information of three subsidiaries, whose financial information (before eliminating inter company balances / transactions) reflect total assets of ₹ 6,877.30 lakhs and net assets of ₹ 3,502.16 lakhs as at 31 March 2020, total revenues of ₹ 8,556.87 lakhs and net cash inflows amounting to ₹ 38.46 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of ₹ 53.44 lakhs (before eliminating inter company transactions) for the year ended 31 March 2020, as considered in the consolidated financial statements, in respect of an associate and a joint venture, whose financial information have not been audited by us. These financial information are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid subsidiaries, an associate and a joint venture, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, an associate and a joint venture, are based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the management, these financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the financial information certified by the management.

Report on Other Legal and Regulatory Requirements

18. As required by Section 197(16) of the Act, based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 16, on separate consolidated financial statements of the subsidiaries, associates and a joint venture, we report that the Holding Company, eleven subsidiary companies and four associate companies covered under the Act paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act. Further, we report that three subsidiary companies and an associate company covered under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under Section 197(16) of the Act is not applicable in respect of such subsidiary companies and an associate company. Further, we report that the provisions of Section 197 read with Schedule V to the Act is not applicable to

Independent Auditor's Report

a joint venture company covered under the Act, since the joint venture company is not a public company as defined under Section 2(71) of the Act.

19. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report (s) of the other auditor (s) on separate financial statements and other financial information of the subsidiaries, associates and joint ventures, we report, to the extent applicable, that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c) the consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) in our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under Section 133 of the Act;
 - e) on the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, associate companies and joint venture companies covered under the Act, none of the directors of the Group companies, its associate companies and joint venture companies covered under the Act, are disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) with respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies, associate companies and joint venture companies covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and
 - g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, associates and joint ventures:
 - i. the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associates and joint ventures;
 - ii. Provision has been made in these consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts;
 - iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies, associate companies and joint venture companies during the year ended 31 March 2020; and
 - iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these consolidated financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of Raymond Limited on the consolidated financial statements for the year ended 31 March 2020

Independent Auditor's Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Raymond Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), its associates and joint ventures as at and for the year ended 31 March 2020, we have audited the internal financial controls with reference to financial statements of the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to consolidated Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company as aforesaid.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure A to the Independent Auditor's Report of even date to the members of Raymond Limited on the consolidated financial statements for the year ended 31 March 2020

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the thirteen subsidiary companies and five associate companies, the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company as aforesaid, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to thirteen subsidiary companies, which are companies covered under the Act, whose financial statements / consolidated financial statements (before eliminating inter company balances / transactions) reflect total assets

of ₹ 350,141.64 lakhs and net assets of ₹ 86,973.09 lakhs as at 31 March 2020, total revenues of ₹ 351,505.76 lakhs and net cash inflows amounting to ₹ 351.44 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive loss) of ₹ 10,199.17 lakhs (before eliminating inter company transactions) for the year ended 31 March 2020, in respect of five associate companies, which are companies covered under the Act, whose internal financial controls with reference to financial statements have not been audited by us. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary companies and associate companies have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company, its fourteen subsidiary companies, five associate companies and a joint venture company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such thirteen subsidiary companies and five associate companies is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

Note 1 Statement of Significant Accounting Policies and Practices

1(i) Raymond Limited ('RL' / the 'Company' or the 'Holding Company'), its subsidiaries, associates and joint ventures (the Holding Company and its subsidiaries, associates and joint ventures together referred to as the 'Group') mainly deals in Textiles, lifestyle, Branded apparel, Engineering, FMCG and Auto components etc. The Group has its wide network of operations in local as well as in foreign markets. The Group sells its products through multiple channels including wholesale, franchisee, retail etc. The Holding Company has also recently decided to develop part of its land for residential / commercial purpose.

(a) Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements. The financial statements of the Group have been consolidated using uniform accounting policies.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that are measured at fair value;
- 2) assets held for sale - measured at the lower of carrying amount or fair value less costs to sell;
- 3) defined benefit plans - plan assets measured at fair value;

(iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle (not exceeding twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(b) Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to,

or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group. The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

(ii) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

(iii) Joint ventures

Investments in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

(iv) Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity. Such further losses are disclosed as part of Current Liabilities.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group. The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 1(k) below.

(c) Use of estimates and judgments

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(d) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings, specific non factory building, Plant and Equipment, Aircrafts, is provided as per the Straight Line Method and in case of other assets as per the Written Down Value Method, over the estimated useful lives of assets. Leasehold land is amortised over period of lease. Leasehold improvements are amortised over the period of lease or estimated useful life which ever is lower.

The Group depreciates its property, plant and equipment (PPE) over the useful life in the manner prescribed in Schedule II to

the Act. The Group believes that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and equipment and aircraft for which, based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act.

Useful life considered for calculation of depreciation for various assets class are as follows-

Asset Class	Useful Life
Factory Building	30 years
Non- Factory Building	60 years
Continuous Process Plant (Plant and Equipment)	20 years
Other Plant and Equipment	7-24 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Boat and water equipments	13 years
Aircraft / Helicopter	11 years - 20 years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

In case of pre-owned assets, the useful life is estimated on a case to case basis.

Depreciation on additions / deletions is calculated pro-rata from the month of such addition / deletion, as the case maybe

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on building is provided over it's useful life using the written down value method.

(f) Intangible assets

Intangible assets acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Cost of a non-monetary asset acquired in exchange of another non-monetary asset is measured at fair value. Intangible assets are amortised on a straight line basis over their estimated useful lives.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

Goodwill

Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortised but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Amortisation and Impairment method

The Group amortizes computer software using the straight-line method over the period of 3 years. Transferable development rights (TDR), received as consideration against compulsory acquisition of land of Holding Company, are tested for impairment till the time the TDR is consumed in the property constructed / developed, post which the carrying value of TDR will form part of the cost of such property.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Consolidated Statement of Profit and Loss.

(g) Lease

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

Group as a lessee

At lease commencement date, the Group recognises a right-of-use assets and a lease liabilities on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liabilities, any initial direct costs incurred by the Group and any lease payments made in advance of the lease commencement date.

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use assets or the end of the lease term. The Group also assesses the right-of-use assets for impairment when such indicators exist.

At the commencement date of lease, the Group measures the lease liabilities at the present value of the lease payments to be made over the lease term, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate. The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. Lease payments included in the measurement of the lease liability

are made up of fixed payments (including in substance, fixed), and payments arising from options reasonably certain to be exercised. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest expenses. It is remeasured to reflect any reassessment or modification.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset or Statement of profit and loss, as the case may be.

The Group has elected to account for short-term leases and leases of low-value assets using the exemption given under Ind AS 116, Leases. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term or on another systematic basis if that basis is more representative of the pattern of the Group's benefit.

Group as a lessor

Leases for which the Group is a lessor classified as finance or operating lease Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Consolidated Balance Sheet based on their nature.

(h) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(i) Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods, Stock-in-trade and Property under development are stated 'at cost or net realisable value, whichever is lower'. Goods-in-Transit are stated 'at cost'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First-in-First-out', 'Weighted Average cost' or 'Specific identification', as applicable. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

Property under development comprises cost of land, rates & taxes, construction costs, overheads and expenses incidental to the project undertaken by the Group. Costs towards development of property are charged to Consolidated statement of profit and loss proportionate to area sold and when corresponding revenue is recognised.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

All the costs incurred on unfinished / finished jobs, but not invoiced and dispatched, under conversion contracts, are carried forward as "Accumulated Costs on Conversion Contracts", at lower of cost and net realisable value.

The inventories resulting from intra-group transactions have been stated at cost after deducting unrealised profit on such transactions.

(j) Investments and other financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- (1) those to be measured subsequently at fair value (either through other comprehensive income, or through Profit and Loss), and
- (2) those measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through Profit and Loss are expensed in the Consolidated Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments into following categories:

- (a) **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.
- (b) **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Consolidated Statement of Profit and Loss as other income when the Group's right to receive payments is established.

(iii) Impairment of financial assets

The Group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

Dividends

Dividends are recognised in the Consolidated Statement of Profit and Loss only when the right to receive payment is established.

(k) Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(l) Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

Non-current assets are not depreciated or amortised while they are classified as held for sale.

(m) Derivative financial instruments

Derivative financial instruments such as forward contracts, option contracts and cross currency swaps, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Consolidated Statement of Profit and Loss in the period when they arise.

(n) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief executive officer, the chief financial officer and the chairman and managing director, all of them constitute as chief operating decision maker ('CODM').

(o) Borrowings

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Consolidated Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognised in Consolidated Statement of Profit and Loss as finance costs.

(p) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Consolidated Statement of Profit and Loss.

(q) Provisions and contingent liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or

more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

A contingent asset is disclosed, where an inflow of economic benefits is probable. The Group shall not recognize a contingent asset unless the recovery is virtually certain.

(r) Revenue recognition

The Group derives revenues primarily from sale of manufactured goods, traded goods and related services. The Group has also engaged in real estate property development.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted to discounts, incentives and returns, etc., if any.

The Group operates a loyalty programme for the customers and franchisees of the Group for the sale of goods. The customers accumulate points for purchases made which entitles them to discount on future purchases. A contract liability for the award points is recognized at the time of the sale. Revenue is recognized when the points are redeemed or on expiry. The expenditure of loyalty programme is netted-off to revenue.

The Group recognises provision for sales return, based on the historical results, measured on net basis of the margin of the sale. Therefore, a refund liability, included in other current liabilities, are recognized for the products expected to be returned.

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

The Group satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs; or
2. The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Group's performance does not create an asset with an alternative use to the Group and an entity has an enforceable right to payment for performance completed to date.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue from sale of products and services are recognised at a time on which the performance obligation is satisfied except Revenue from real estate property development where in revenue is recognised over the time from the financial year in which the agreement to sell or allotment letter (containing salient terms of agreement to sell) is executed. The period over which revenue is recognised is based on right to payment for performance completed. In determining whether an entity has right to payment, the entity shall consider whether it would have an enforceable right to demand or retain payment for performance completed to date if the contract were to be terminated before completion for reasons other than entity's failure to perform as per the terms of the contract.

The revenue recognition of Real estate property under development requires forecasts to be made of total budgeted costs with the outcomes of underlying construction contracts, which further require assessments and judgements to be made on changes in work scopes and other payments to the extent they are probable and they are capable of being reliably measured. However, where the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately in the Statement of Profit and Loss.

Revenue in excess of invoicing are classified as contract asset while invoicing in excess of revenues are classified as contract liabilities.

Other operating revenue - Export incentives

Export Incentives under various schemes are accounted in the year of export.

(s) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the

discount rates for Government Securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Consolidated Statement of Profit and Loss.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity and pension; and
- (b) defined contribution plans such as provident fund.

Pension and Gratuity obligations

The liability or asset recognised in the Consolidated Balance Sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Consolidated Statement of Changes in Equity and in the Consolidated Balance Sheet.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund etc., are charged to the Consolidated Statement of Profit and Loss as incurred. Further for certain employees, the monthly contribution for Provident Fund is made to a Trust administered by the Group. The interest payable by the Trust is notified by the Government. The Group has an obligation to make good the shortfall, if any.

Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates:
(a) when the Group can no longer withdraw the offer of

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

those benefits; and (b) when the Group recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(t) Foreign currency transactions

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Consolidated Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Consolidated Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not translated thereafter.

(iii) Group Companies

The results and financial position of foreign operations that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that balance sheet
- income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), On Consolidation, exchange differences arising from the translation of any net investment in foreign entities are recognised in other comprehensive income and all resulting exchange differences are recognised in other comprehensive income.

(u) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Holding Company and its subsidiaries, associates and joint ventures operate and generate taxable income. Group periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Consolidated Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Group will pay normal income tax during the specified period.

(v) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners,
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(w) Government Grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Consolidated Statement of Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

(x) Manufacturing and Operating Expenses

The Group discloses separately manufacturing and operating expenses and costs towards development of property which are directly linked to respective activities.

(y) Exceptional items

When items of income and expense within statement of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

(z) Standards issued but not effective

There are no standards that are issued but not yet effective on 31st March, 2020.

1(ii) Critical estimates and judgements -

The preparation of consolidated financial statements requires the use of accounting estimates which by definition will seldom equal the actual results. Management also need to exercise judgement in applying the Group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

- Carrying value of exposure in Raymond Uco Denim Private Limited - refer note 4
- Revenue from real estate project under development – [Refer Note 1 (i) (r)]
- Inventory write down - refer note 9
- Estimation of current tax expenses, current tax payable and recognition of deferred tax assets for carried forward tax losses - refer note 28
- Probable outcome of matters included under Contingent Liabilities - refer note 30
- Estimation of Defined benefit obligation - refer note 32
- Estimated useful life of PPE and intangible assets - refer notes 2(a) and 3
- Estimated Fair value of unlisted securities - refer note 36

Notes:

- (i) The Group assesses at each balance sheet date whether there is any indication that goodwill may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Consolidated Statement of Profit and Loss.
- (ii) During the year ended 31st March, 2019 transferable development rights were reclassified into inventories towards real estate property under development.

Note: Ring Plus Aqua Limited (A step down subsidiary of Raymond Limited) has accumulated long term capital loss of ₹ 1,403.14 lakhs (Previous year ₹ 1,489.73 Lakhs) under the Income Tax Act. In view of, uncertainty over the entity's ability to utilise such losses in the foreseeable future, the entity has not recognised deferred tax asset against such losses.

Significant Estimates

The Group has recognised deferred tax assets on carried forward tax losses and unabsorbed depreciation incurred by subsidiary companies in current and earlier years. Based on future business projections, the group is reasonably certain that respective subsidiaries would be able to generate adequate taxable income to ensure utilization of carried forward tax losses and unabsorbed depreciation. Further, in calculating the tax expense for the current year and earlier years, the group had disallowed certain expenditure pertaining to exempt income based on historical tax assessments. These matters are pending with tax authorities.

Note 32 (a) Details of Employee Benefits Obligations

I. Details of Defined Contribution Plan

The Group has certain defined contribution plan. Contributions are made to Provident Fund, ESIC, super annuation, etc. for employees as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contribution plan is ₹ 4129.39 lakhs (Previous year ₹ 3384.21 lakhs) in the Consolidated Statement of Profit and Loss for the year ended 31st March, 2020 under defined contribution plan.

II. Details of Defined Benefit Plan

- i. Gratuity :- The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Group makes contributions to recognised funds in India.
- ii. Pension benefits:- The Holding Company operates defined benefit pension plan which provide benefits to some of its employees in the form of a guaranteed level of pension payable for certain year after retirement. The level of benefits provided depends on members' length of service and their salary in the final years leading up to retirement.
- iii. Provident fund:- In case of certain employees, the Provident Fund contribution is made to a trust administered by the Holding Company. In terms of the guidance note issued by the institute of Actuaries of India, the actuary has provided a valuation of Provident Fund liability based on the assumptions listed above and determined that there is no shortfall as at 31st March, 2020.

Demographic Assumptions

Published rates under the Indian Assured Lives Mortality (2012-14) Ult table.

G Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Gratuity	(₹ in Lakhs)				
	Change in assumption	2020		2019	
		Increase / (decrease) in liability	Increase / (decrease) in liability	Increase / (decrease) in liability	Increase / (decrease) in liability

Salary Escalation Rate #	+1%/-1%	1,097.81	(953.15)	975.67	(897.40)

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

takes into account the inflation, seniority, promotions and other relevant factors.

I Risk Exposure - Asset Volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities with high grades and in government securities. These are subject to interest rate risk and the fund manages interest rate risk derivatives to minimize risk to an acceptable level. A portion of the funds are invested in equity securities and in alternative investments % which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit.

1. Considering the nature of business of Group in which it operates, the Group deals with various customers including multiple geographies. Consequently, none of the customer contribute materially to the revenue of the Group.

Note 35 Financial Risk Management Objectives and Policies

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Managing Board. The details of different types of risk and management policy to address these risks are listed below:

(a) Market Risk:-

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The group manages market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

(a)(i) Market Risk- Interest rate risk.

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

(a)(ii) Market Risk- Foreign currency risk.

The Group operates internationally and portion of the business is transacted in several currencies and consequently the group is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective currencies.

The Group evaluates exchange rate exposure arising from foreign currency transactions and the group follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

(a) (iii) Market Risk- Price Risk

(a) Exposure

The group's exposure to equity securities price risk arises from investments held by the group and classified in the balance sheet either at fair value through OCI or at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the group.

The majority of the group's equity investments are publicly traded and are listed in the Bombay Stock Exchange-BSE.

(b) Sensitivity

The table below summarises the impact of increases/decreases of the index on the group's equity and profit for the year. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the group's equity instruments moved in line with the index.

	(₹ in Lakhs)	
	Impact on Profit before tax	
	As at 31st March, 2020	As at 31st March, 2020
BSE Sensex 30- Increase 5%	130.94	110.90
BSE Sensex 30- Decrease 5%	(130.94)	(110.90)

Above referred sensitivity pertains to quoted equity investment. Profit for the year would increase/ (decrease) as a result of gains/losses on equity securities as at fair value through profit and loss.

(b) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assess financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis through out each reporting period. To assess whether there is a significant increase in credit risk the group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the group. The group categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the group continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Assets in the nature of Investment, security deposits, loans and advances are measured using 12 months expected credit losses (ECL). Balances with Banks is subject to low credit risk due to good credit rating assigned to these banks. Trade receivables are measured using life time expected credit losses.

Financial Assets for which loss allowances is measured using the Expected credit Losses (ECL)

(c) Liquidity Risk

Liquidity risk is defined as the risk that the group will not be able to settle or meet its obligations on time, or at a reasonable price. The group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related such risk are overseen by senior management. Management monitors the group's net liquidity position through rolling forecasts on the basis of expected cash flows.

Note:- 36 Fair Value Measurements

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of current assets which includes loans given, cash and cash equivalents, other bank balances and other financial assets approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which major inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data (Unobservable input data).

Note 38 Capital Management

(a) Risk Management

The Group aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Group policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

Note 39 (c) CVD Receivables

Imported garments were fully exempted from payment of CVD under Notification No. 30/2004- C.E. dated 09.07.2004, subject to the condition that no CENVAT Credit has been availed on the inputs or on capital goods. However, during the relevant period (FY 11 to FY 14), there was a dispute between the importers and the Customs Department regarding the applicability of the said benefit and the fulfillment of the aforesaid condition. The Customs Department had taken a view that the condition of "where NO CENVAT credit has been availed on the inputs by suppliers" was not applicable on the imported goods and accordingly, the importers were not eligible for the benefit of the said Notification. Basis the above notification, Raymond Apparel Limited had paid CVD under protest amounting to ₹ 2257.44 Lakhs and expensed out, during the period from 2011 to 2015.

However, Raymond Apparel Limited had filed refund applications of CVD paid under protest, amounting to ₹ 2257.44 Lakhs, basis the order passed by the Hon'ble Supreme Court of India in the case of M/s. SRF Ltd. vs Commissioner of Customs, Chennai reported at 2015 (318) E.L.T. 607 (SC) on 26.03.2015 interpreted Condition No. 20 of Notification No. 06/2002-CE (Sl. No. 122). The Hon'ble Supreme Court held that importers of goods could claim benefit of such notification at the time of import for exemption from payment of CVD.

Basis as above, Raymond Apparel Limited has brought the said amount in the books of account as "Claim Receivables" and created a provision for an equivalent amount, as prudent practice.

Note 40

During the earlier years, the Holding Company invested an amount of ₹ 6168 lakhs during the financial year ended 31st March 2016 and ₹ 2000 lakhs during the financial year ended 31 March 2015 by subscription to the rights issue of equity shares of Raymond Luxury Cottons Limited (RLCL) a Subsidiary of the Holding Company, enhancing the Holding Company's shareholding from 62% to 75.69% in the financial year 2015-16 and from 55% to 62% in the financial year 2014-15.

In the year 2012-13, Cottonificio Honegger S.p.A ('CH'), Italy, the erstwhile JV partner with Raymond Limited through one of its joint venture Company in India, Raymond Luxury Cotton Limited (RLCL) (formerly known as Raymond Zambaiti Limited), had submitted request for voluntary winding up including composition of its creditors in the Court of Bergamo, Italy. Consequent to this, RLCL as at 31st March 2013, had provided for its entire accounts receivable from CH of USD 1,255,058 and Euro 612,831, equivalent Indian Rupee aggregating ₹ 1,122.24 lakhs. In the year 2013 - 14, RLCL had put up its claim of receivable from CH of ₹ 1,122. 24 lakhs before the Judicial Commissioner of the Composition (the Commissioner) appointed by the Court of Bergamo, Italy. In protraction of matter with Cottonificio Honegger S.p.A ('CH'), Italy, the Judicial Commissioner of the Composition ("the Commissioner") appointed by the Court of Bergamo, Italy, has declared RLCL as unsecured creditor for the amount outstanding from 'CH'. Further 'CH' had also sought permission from the Court of Bergamo, Italy, for initiating proceeding against RLCL in India.

RLCL had received a notice dated 23rd November 2015 notifying that CH has filed a Petition against them before the Hon'ble Company Law Board ("CLB"), Mumbai Bench under Section 397 and 398 of Companies Act, 1956. RLCL responded to the petition filed by CH. The CLB in its order dated 26th November, 2015 has recorded the statement made by the counsel for RLCL that CH's shareholding in RLCL shall not be reduced further and the fixed assets of RLCL also shall not be alienated till further order. Subsequently, the proceedings were transferred to the National Company Law Tribunal ("NCLT"), Mumbai bench and currently, the matter is pending before the said forum. RLCL has filed a Miscellaneous Application on January 29, 2019 seeking part vacation of the order dated November 26, 2015. The NCLT, Mumbai Bench has allowed the application filed by RLCL and has directed that the main company petition along with the application for vacating the stay be listed on April 23, 2019. The matter was taken up and NCLT has directed for the matter to be heard on April 22, 2020. However, due to the restricted functioning of the NCLT on account of the ongoing Covid-19 pandemic, the matter was not taken up on April 22, 2020 and at present, no next date of hearing stands assigned by the NCLT."

Note 41 Discontinued Operation

Subsidiaries of Raymond UCO Denim Private Limited (Joint Venture of group), UCO Sportswear International NV (USI) and UCO Fabrics Inc. (UFI), had discontinued their operations in 2008. The disclosures with respect to these discontinuing operations are as under :

Note: 42 Events Occuring After Balance Sheet Date

- (i) The Board of Directors of Holding Company has recommended Equity dividend of ₹ Nil per share (Previous year ₹ 3.00) for the financial year 2019-20 [Refer Note 38(b)].
- (ii) The Holding Company has allotted 1,854,599 equity shares (face value ₹ 10 each) pursuant to conversion of 1,854,599, 0.01% Compulsorily Convertible Preference Shares (face value ₹ 10 each) on 3rd April, 2020.

Note 43 (a) Transitional Provision- Ind AS 116, 'Leases'

The following is the summary of practical expedients elected on initial application as at 1st April, 2019:

- (a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date;
- (b) The Group has elected not to apply Ind AS 116 to leases previously accounted for as an operating leases, with a remaining lease term of less than 12 months and not recognise right-of-use assets but to account for the lease expense on a straight-line basis over the remaining lease term;
- (c) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application;
- (d) Applied the practical expedient by not reassessing whether a contract is, or contains, a lease at the date of initial application. Instead applied the standards only to contracts that were previously identified as leases under Ind AS 17;
- (e) Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

The maturity analysis of lease liabilities are disclosed in note 35 (c)

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2020

The weighted average incremental borrowing rate applied to lease liabilities as at 1st April 2019 is 8.5%

The difference between the lease commitments recorded, as of 31st March 2019, under Ind AS 17 and the value of the lease liabilities as of 1st April, 2019, is on account of use of practical hindsight in determining the lease term, where the contract contained options to extend or terminate the lease in measuring the lease liability in accordance with Ind AS 116 and discounting the lease liabilities to the present value under Ind AS 116.

The Group has recognised 2043.53 lakhs as rent expenses during the year which pertains to short-term leases / low value assets [Refer note 27 (c)]

The Group does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The Group has adopted Ind AS 116, "Leases", effective 1 April 2019, using modified retrospective approach as a result of which comparative information are not required to be restated. The Group has discounted lease payments using the incremental borrowing rate as at 1 April 2019 for measuring lease liabilities at ₹ 59873 lakhs and accordingly recognised right-of-use assets at ₹ 50980 lakhs (before adjusting prepaid lease rent) by adjusting retained earnings by ₹ 5838 lakhs (net of tax), as at the aforesaid date. In the Consolidated Statement of Profit and Loss for the current period, the nature of expenses in respect of operating leases are recognised as amortisation of right-of-use of assets and finance costs, as compared to lease rent in previous periods, and to this extent results for the current period are not comparable.

The Impact of adopting Ind AS 116 on the consolidated financial statements for the year ended 31st March, 2020 is as follows:

The Board of Directors of the Raymond Limited ('the Holding Company') at its meeting held on 7 November 2019 had approved the Composite Scheme of Arrangement ("Scheme") which comprise of amalgamation of Raymond Apparel Limited (wholly owned subsidiary of Company) and Scissors Engineering Products Limited (wholly owned subsidiary of Company) with the Company and then Demerger of the lifestyle business undertaking into Raymond Lifestyle Limited on a going concern basis. The Appointed Date is 1 April 2020. The Scheme will be effective upon receipt of such approvals as may be statutorily required including that of Mumbai Bench of the National Company Law Tribunal ("NCLT"). Pending receipt of final approval, no adjustments have been made in the consolidated financial statements.

Note 47

In March 2020, the World Health Organisation declared Covid-19 a global pandemic. Consequent to this, Government of India declared nation-wide lockdown on 24 March 2020, which has impacted normal business operations of the Group, its associates and joint ventures. The Group, its associates and joint ventures have assessed the impact of this pandemic on its business operations and have considered all relevant internal and external information available up to the date of approval of these financial statements, to determine the impact on their revenue from operations and the consequent impact on liquidity position for the next year and the recoverability and carrying value of property, plant and equipment, other intangible assets, investments, inventories, trade receivables and deferred tax assets. The impact of Covid-19 pandemic on the overall economic environment being uncertain may affect the underlying assumptions and estimates used to prepare consolidated annual financial statements of the Group, its associates and joint ventures, which may differ from that considered as at the date of approval of these financial statements. The Group, its associates and joint ventures has resumed its business activities by reopening majority of its retail stores and factories in line with the guidelines issued by the Government authorities, initiated activities for pre-monsoon preparedness at its real estate construction site, taken steps to strengthen its liquidity position and initiated cost restructuring exercise. However, the Group, its associates and joint ventures do not anticipate any challenges in its ability to continue as going concern or meeting its financial obligations. As the situation is unprecedented, while the lockdown is gradually lifting, the Group, its associates and joint ventures are yet closely monitoring the situation as it evolves in the future..
